Bridgehead Afghanistan:

Bridgehead Afghanistan Wilhelm Dietl, 1986 **Repression, Resistance, and Women in Afghanistan** Hafizullah Emadi, 2002-08-30 Afghan women have faced an exhaustive struggle in the battle to change their status and improve their situation Emadi takes a long look at the role of development and modernization policies implemented by the state in the pre and post Soviet eras under the Taliban and beyond He finds that such policies have failed to bring about much needed change and improvement for women Modernization strategies benefited only a small segment of urban women and left the plight of rural women unchanged Although a small segment of middle and upper class women organized themselves and fought to bring about changes in their status and to end gender inequality their efforts alone did not meet with much success Islamic orthodoxy and orthopraxy in the Taliban era restricted women's freedom of movement access to education and medical care Using personal accounts not readily available to researchers or scholars Emadi explores the diverse factors that contributed to women's oppression both at home and in society This study provides a detailed analysis of state policies toward women's emancipation within the context of a traditional Islamic society It chronicles the course of the women's movement and women's organizations still active in the political arena and puts forth an alternative plan to involve women in the reconstruction process in both urban and rural areas *Russian-Soviet Unconventional Wars in the Caucasus, Central Asia, and Afghanistan* Robert F. Baumann, 1993 **The Political Economy of Rare Earth Elements** Ryan David Kiggins, 2015-07-28 The contributors argue that rare earths are essential to the information technology revolution on which humans have come to depend for communication commerce and increasingly engage in conflict They demonstrate that rare earths are a strategic commodity over which political actors will and do struggle for control **State**, 1989

Revolutionary Horizons John Calabrese, 2016-07-27 This study examines the sources characteristics and implications of post Khomeini Iran's foreign policy It concentrates on two geographic zones of interest one composed of the countries which surround Iran the other comprised of Islamic governments and movements beyond Iran's borders It argues that fears not just ambitions have yielded a policy increasingly co operative especially in the economic sphere yet in some respects still confrontational

Russian-Soviet Unconventional Wars in the Caucasus, Central Asia, and Afghanistan [Illustrated Edition] Dr. Robert F. Baumann, 2015-11-06 Includes 12 maps and 4 tables In recent years the U S Army has paid increasing attention to the conduct of unconventional warfare However the base of historical experience available for study has been largely American and overwhelmingly Western In *Russian Soviet Unconventional Wars in the Caucasus Central Asia and Afghanistan* Dr Robert F Baumann makes a significant contribution to the expansion of that base with a well researched analysis of four important episodes from the Russian Soviet experience with unconventional wars Primarily employing Russian sources including important archival documents only recently declassified and made available to Western scholars Dr Baumann provides an insightful look at the Russian conquest of the Caucasian mountaineers 1801-59 the

subjugation of Central Asia 1839 81 the reconquest of Central Asia by the Red Army 1918 33 and the Soviet war in Afghanistan 1979 89 The history of these wars especially as it relates to the battle tactics force structure and strategy employed in them offers important new perspectives on elements of continuity and change in combat over two centuries This is the first study to provide an in depth examination of the evolution of the Russian and Soviet unconventional experience on the predominantly Muslim southern periphery of the former empire There the Russians encountered fierce resistance by peoples whose cultures and views of war differed sharply from their own Consequently this Leavenworth Paper addresses not only issues germane to combat but to a wide spectrum of civic and propaganda operations as well *Afghanistan* David Erik Nelson,2013-06-11 This anthology contains a diverse collection of writings that detail the extreme persecutions and genocidal acts committed by soviet forces in Afghanistan Background information and first person accounts of the events are provided as well to give the reader a more rounded knowledge of the events Charts and graphs are provided to summarize important statistical information and timelines are included to help the reader trace the sequence of events *The Taliban* M. J. Gohari,2000 For many Westerners Islam appears to contradict democratic values yet these perceptions result from the characterization of certain Islamic movements as radical or fundamentalist This book describes one such movement that has been condemned in the West the Taliban in Afghanistan Shedding light on their doctrine it analyzes the rise of the Taliban and their effect on Afghan society their impact on Afghanistan s neighbors and their troubled relationship with the United Nations It concludes with a short chapter on the life and views of Bin Laden an elusive radical who has famously and brutally translated his beliefs into action ***The Politics of State Intervention*** Shireen Burki,2013-08-22 The Politics of State Intervention Gender Politics in Pakistan Afghanistan and Iran examines how three culturally and religiously interconnected neighboring states have sought to regulate the lives of their female populace in order to gauge how successful or unsuccessful these efforts have been at the grassroots level Utilizing a historical framework it explores the gender specific policies of these states to assess whether or not shared cultural religious and social characteristics translate into similar gender policies and outcomes across borders and if not why Through comparison it conclusively identifies social and political roadblocks that threaten both the long term prospects and security for all females as well as factors that tend to somewhat ameliorate detrimental tendencies
