Brief History Of Andhra Pradesh:

Brief History of Andhra Pradesh, 1972 The History of Andhra Country, 1000 A.D.-1500 A.D. Yashoda Devi, 1993 An encyclopedic study of a crucial period of Andhra history by a highly respected academician and a scholar of high repute The first volume comprehensively deals with the political history of the subsidiary dynasties in Medieval Andhradesa tracing their ancestries fixing their genealogies and chronology *The History of Andhra Country, 1000 A.D.-1500 A.D.: Administration, literature and society* Yashoda Devi, 1993 **History of Andhra Pradesh** Balakrishnan Raja Gopal, 1987 *History of the Hindu Religious Endowments in Andhra Pradesh* Koutha Nirmala Kumari, 1998 The History of Hindu Religious Endowments in Andhra Pradesh 1800 1953 ad presents an account of situations in Hindu Temples of Telugu speaking areas of Madras Presidency till the creation of separate HR CE Department for Andhra Pradesh in 1951 The association of the British and their legislation towards religious endowments with reference to Tirupati Temple over the State interference in matters of religion has been analysed **A Brief History of India** Judith E. Walsh, 2006 Chronicles 5 000 years of Indian history from prehistoric civilization in the Indus Valley to the present **History of the Telugu Christians** James Elisha Taneti, 2011-03-17 Christian communities in the state Andhra Pradesh of south India and the Telugu Christians in diaspora have passed their stories from one generation to the next by oral traditions as well as in scattered texts These memories have sustained Telugu Christian communities for over four centuries Yet there has been no significant attempt made to compile a comprehensive history of the Telugu Christians until James Elisha Taneti s History of the Telugu Christians A Bibliography This annotated bibliography lists more than 700 published and unpublished textual sources related to the history of Telugu Christians from south India Opening a window into the histories of 15 mission societies from the North American region History of the Telugu Christians lists monographs journal articles letters reports minutes and the proceedings of missionary conferences unpublished theses dissertations souvenirs and manuscripts The documents selected by Taneti were written or printed in the English or Telugu languages by native Christians and western missionaries Aimed to facilitate research and writing on Telugu Christians Taneti s insightful historiographical analysis and comprehensive list of bibliographic sources offer seminarians historians of Christianity and scholars of India the opportunity to study closely the meeting of East and West and the religious history of India through the founding and evolution of this community *A Comprehensive History of Andhra* Y. Gopala Reddy, 1990 The History of India Ruben Ygua, 2025-08-20 Traditional methods of studying the past have always given greater importance to nationalist religious and moral interests which subordinated the historical fact to the System point of view That s how we have been educated The time has come to simplify and show respect for our ancestors striving to know what really happened in the past and not just what they want to inform us about After so many years of studying History I came to the conclusion that the best study system is through an impartial objective Chronology that just put each event in its exact place in time revealing History without manipulation This Chronology contains not only purely

political facts such as the foundation of cities the birth of kingdoms and empires scientific and geographical discoveries natural disasters and epidemics it also includes information on the most different fields of human activity chemistry astronomy geography mathematics and so on In parallel the chronology is complemented by data that do not belong to a specific date but to an entire epoch they are each society generalities curiosities customs the religion of each civilization inventions or discoveries that cannot be placed in an exact date etc The result of all this set is one of the most complete chronologies within its reach periodically updated with the latest archaeological and scientific discoveries and that transforms the reader into an eyewitness of the past understanding the relation of geographically distant facts to each other but closely connected in time and influencing unexpected consequences This is something that traditional history has generally ignored when it was not usable A work of this magnitude could not be published in a single book so I have divided it into several collections and the Spanish originals are being translated into French English Italian and Portuguese The chronology goes from prehistory to the present day year by year as far as possible For those who prefer a deeper and more detailed study I have prepared a second chronology day by day this for now covers from 1789 to 1946 divided into five collections
