Autobiography of a Farm Boy (Classic Reprint) Isaac Phillips Roberts, 2017-12-25 Excerpt from *Autobiography of a Farm Boy*

It is this courage this steadfastness in the determination to hold the field for agriculture that grows larger in my estimation as the years go by I speak of his work in the past tense for I too look backward but I am glad that he is still keen to follow the result Of his labors It was not then a day for erudition or for high technical scholarship but a time for clear faith homely and direct relations with the people wisdom in giving advice From the first years that I knew him he was a philosopher and a forecaster always practical always driving home the point always with his feet squarely on the ground He loved the farm from the rail fence to the back lot the trees in the pasture the woodside the orchard every animal in stall or field the high land and the low land all were his to walk over to question to inspect with care and to improve It was one of the delights of his teaching to take his boys to the farm He was a master in the practice Of observing farm conditions why the grass was thin here and heavy there why the weeds came in why the animals chose the spot on which to lie how to run the drains to build a fence to put up a shed or barn to paint a building how to break a horse how to breed a herd from A common foundation how to sell a crop what the weather meant how to bring an old field back into good condition He did not teach some small department of farm knowledge as we do in these days but the Whole farm and the farmer and the wife and the

children and the hired man and he taught it with a quiet and genial philosophy Often quaint and always full of good humor He was the real teacher of the small group preferring the out of doors and the barns and the herds to the formal laboratories I have never known anyone to make such good educational use of an entire farm and its equipment About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Built a Successful Corporation Howard Thomas Hallowell,2011-10-01 *The Good Ole' Days* Milton J Hayman,2024-10-25 This book is about family about what it was like growing up during the Depression on a rural farm in southern Minnesota The author refers to this time as the Good Ole Days but now that will be judged by the reader **Farm Boy Comes to the City** Herman Witt,2011-07-13 After having had the desire to write a book on my life for years but felt I should wait for the right time I had no writing experience or special ability in writing skills English wasn't one of my strong points in school and my computer skills were limited One thing I did know and leaned on very strongly and that was with God all things are possible So in Dec 2010 I felt the time had come where I should go ahead with the project which I did Looking back now on how well it went I believe the Lord wanted me to write this book and give Him the Honor and Glory for having helped me to make this a success I had a strong desire to thank Him for what He has done in my journey in life So as you read or have read remember that I could not have succeeded without the Lord's help So this can apply to your life as well God Bless
