

The background of the book cover is a classical painting of a cherub, likely from the 'Boy with a Bow' by Peter Paul Rubens. The cherub is shown from the chest up, holding a bow in its right hand, with its head tilted back and eyes closed in a state of divine inspiration. The painting features soft, realistic skin tones and dramatic lighting.

A Brief History Of Painting 2000 Bc To Ad 2000:

A Brief History of Painting Roy Bolton, 2013-06-13 The urge to create pictures of our world has been with us ever since early man daubed a fingerful of pigment on a rock or used primitive colours to create exquisite images of the beasts he hunted images so breathtakingly powerful they have never been surpassed however sophisticated we have become This book tells the story of what painting has meant to us and how its role has changed over the centuries In the crisp unstuffy commentary on each of 150 landmark works Christie s art expert Roy Bolton leads us through the development of painting until our own age where painting as a painterly craft has been overtaken by a proliferation of new forms introduced by contemporary art To the question Is the death of painting upon us the introductory chapter by Matthew Collings the multi award winning TV art presenter art historian and cultural critic gives an inspiring answer Painting justifies itself Rather than pathetically struggling to keep up with the new freak show culture of videos and installations painting will only be worth having if it reconnects with its own inner life where the old and the new are the same Roy Bolton s selection takes us from the Ancient World via the Italian Renaissance Rococo and Classicism to Impressionism Modernism and the Contemporary World Each painting with its context and artist is explained in terms designed to encourage us to judge art for ourselves Written with authority and full of original and helpful insights this is a history of art for our times While I find it interesting to think about all sorts of art I prefer painting to any of it Painting is soulful important serious and humane Matthew Collings We need to de mystify art by stripping it down to its bare essentials then rebuilding it ourselves using our own minds and eyes without all the pompous clutter Roy Bolton

The Inheritance Marianne Perry, 2012-11-30 The Inheritance tells the story of a family disintegrating from conflicting loyalties in 1900 Calabria Italy The region was subject to earthquakes and tsunamis the land was harsh and poverty the norm Superstition clashed with religion and a class system ruled the people Calabria is the perfect backdrop for the tragedy the unfolds in The Inheritance Caterina is an atypical woman and The Inheritance chronicles her life from birth to young womanhood Born with an inheritance of loss into a society that has predetermined what she can and cannot do she vows to live a life of her choosing Caterina refuses to allow the limits of her gender the constraints of her class and the demands imposed by those in power to stand in her way Caterina remains steadfast in her commitment to become the woman she imagines Her decisions ignite conflicts and fuel a chain of events that result in dire consequences for all whose path she crosses
