For Our Own Good: the Politics of Parenting in an Ailing Society Erica Etelson, 2010-06-23 For Our Own Good examines the psycho social and political repercussions of prevailing approaches to child rearing Learn why warm and nurturing parents produce secure altruistic children who go on to form progressive political beliefs while the children of punitive authoritarian parents are bound by fear and shame to support right wing causes and candidates If you ve ever wondered how big a role parenting plays in shaping personality and the political and cultural values of the broader society this book is a must read

Incorrect Thoughts John Leo, In this new volume of political essays and social commentary John Leo offers a lively alternative to the Washington oriented slant of much political journalism Rejecting the dry insider s air of knowing punditry Leo s conversational style and acerbic wit engage the reader with his insightful and humorous views of what is going on in education law advertising television the news media language and the various liberation movements that are shaping and sometimes convulsing the country The unifying thread of Incorrect Thoughts is the emergence of Political Correctness and its diffusion throughout American social and cultural life Most of the media have viewed the rise of PC as a collection of unimportant oddball anecdotes but Leo perceives it as a coherent social movement sweeping through colleges and schools the courts the media the feminist movement and the art world Its goals are traditional goals of the left equality inclusion liberation racial justice but as Leo notes the tactics employed are often less than noble and the contempt for tradition standards and Western culture has grown each year The new orthodoxy has developed a taste for censorship

and coercion Speech codes and anti harassment policies are used as weapons to silence and intimidate opponents Speakers have been shouted down and whole editions of college newspapers stolen to keep students from reading the arguments of conservatives and moderates Readers will find here judicious and often devastating appraisals of self esteem and therapeutic trends in education of efforts to revamp history along multicultural lines and of the extremities and absurdities of identity politics among other of the latest fashions in radical chic Drawing from ideas first presented in his U S News and World Report columns Leo charts the political fever of a contentious and disordered period in American society At the same time his pointed humor long term perspective and strong moral edge ensures his continuing importance to the debates of our time This book will interest those who share Leo s concerns as well as those who appreciate models for incisive political commentary John Leo is editor of the weekly syndicated column On Society in U S News and World Report He has been a staff writer for Time magazine the New York Times and Commonweal He lives in New York City with his wife and children Incorrect Thoughts provides an opportunity to view in some breadth Mr Leo s compelling vision of the way we live now Daniel J Silver Wall Street Journal

The Assault on Parenthood Dana Mack,2000 This book grapples with a disturbing paradox the very institutions that are supposed to be helping parents in the difficult enterprise of child rearing are often infected with pronounced anti family views Despite the attempt by politicians and social theorists alike to posture as being on the side of family values Dana Mack argues we live in a culture that is increasingly family unfriendly and indeed subtly undermines the efforts of parents when they are working harder than ever to raise their children properly At once a devastating critique of our muddled status quo and also a clear blueprint for change this book is bound to have a powerful effect on anyone who is concerned about the fate of the family in contemporary American life

No Child Left Alone Abby W. Schachter,2016-08-16 Uncle Sam is the worst helicopter parent in America Children are taken from their parents because they are obese Parents are arrested for letting their children play outside alone Sledding and swaddling are banned From games to school to breast feeding to daycare the overbearing bureaucratic state keeps getting between kids and their parents The state s safety hygiene and health regulations rule and the government s judgment may not coincide with yours Which foods and drinks to send to school what toys to buy whether to breast or bottle feed babies are all choices that used to be left to you and me Not anymore As a mom to four kids I should be used to it but I m not All the government mandated parenting gets under my skin And I m not alone No Child Left Alone explores the growing problem of an intrusive interfering government and highlights those parents all the Captain Mommies and Captain Daddies across America fighting to take back control over their families

Your Child's Weight Ellyn Satter,2011-12-01 As much

about parenting as feeding this latest release from renowned childhood feeding expert Ellyn Satter considers the overweight child issue in a new way Combining scientific research with inspiring anecdotes from her decades of clinical practice Satter challenges the conventional belief that parents must get overweight children to eat less and exercise more In the long run she says making them go hungry and forcing them to be active makes children preoccupied with food prone to overeating turned off to activity and likely to gain too much weight Trust is a central theme here children must be able to trust parents to provide as much food as they need to satisfy their appetites parents must trust children to eat only as much as they need Satter provides compelling evidence that if parents do their jobs with respect to feeding children are remarkably capable of knowing how much to eat
