Burma Victory Imphal And Kohima March 1944 To May 1945:

Burma Victory David Rooney,2013-05-20 In the final years of World War II the campaign against Japan stepped up in a series of bloody battles with each side having much to lose While much of the history of the period focuses on the Pacific Campaign and the American island hopping this book studies the forgotten war and the Allied fight to push the Japanese out of Burma The Allies British American Indian and Chinese soldiers saw the battles of Imphal and Kohima as a way to avenge the crushing defeats of 1942 while the Japanese viewed the battles as the precursor to a victorious drive into India and domination of Asia David Rooney examines the aims of both sides alongside the battles themselves which secured victory in Burma and the roles of Wingate Stilwell and the Chindits Following the defeats of 1942 the Allies re emerged to fight the Japanese their troops had seen a revival of morale with the new Fourteenth Army under General Slim and the development of new tactics and Allied air and firepower superiority

Burma Victory David Rooney,2000 It was in Burma in the landmark battles of Imphal and Kohima that the Japanese forces suffered their greatest defeats in history What really happened in these complex confrontations fought over confusing terrain This engrossing narrative sets the record straight offering a new analysis of the role of airpower in the struggle and highlighting the thinking of top British American Japanese and Chinese commanders It ensures that a story of bravery and suffering remains alive forever

Burma Victory David Rooney,1992-01-01 Describes the battles on the plains of Burma during World War II

The China-Burma-India Campaign, 1931-1945 Eugene L. Rasor,1998-03-19 The China Burma India campaign of the Asian Pacific war of World War II was the most complex if not the most controversial theater of the entire war Guerrilla warfare commando and special intelligence operations and air tactics originated here The literature is extensive and this book provides an evaluative survey of that vast literature A comprehensive compilation of some 1 500 titles the work includes a narrative historiographical overview and an annotated bibliography of the titles covered in the historiographical section Following an introductory historical essay and a chronology the historiographical narrative covers land water underwater air and combined operations intelligence matters diplomacy and logistics and supply It also examines the memoirs diaries autobiographies and biographies of the personnel involved Such cultural topics as journalism fiction film and art are analyzed and existing gaps in the literature are looked at The bibliography provides both descriptive and evaluative annotations

Life Writing, Representation and Identity Mukul Chaturvedi,2024-03-27 This book focuses on varied forms of self referential storytelling or life writing and its emergence as a democratic and inclusive genre both globally and in India and its intersections with history fiction memory truth and identity The book examines the practice of life writing and its scope for accommodating diverse voices distinct identities collaborations and non hierarchical connections as it gives voice to oral silenced and marginalized communities It explores forms like auto biographical fiction digital storytelling graphic memoirs and testimonies of migration and exile among others The eclectic collection of essays in this volume draws attention towards

the transformative possibilities of life writing as it engages with issues of resistance recuperation re inscribing individual and collective memories histories and promotes an understanding of multicultural others Focusing on the multiple ways in which the production circulation and consumption of life writing has helped to reimagine and redefine individual and collective identities in different cultural and geopolitical contexts the collection breaks new ground by initiating a cross cultural perspective in life writing studies The book aims to encourage critical engagement with a vastly growing body of literature that has seen a publishing and translation boom in contemporary times both globally and in India With life writing emerging as a robust area of research this edited collection provides a much needed impetus to critically engage with issues of self representation memory and identity in recent times This volume will serve as a significant and rich resource for university students researchers and academics of literature comparative studies cultural studies history indigenous studies and digital and media studies

The British Empire and the Second World War Ashley Jackson, 2006-03-09 In 1939 Hitler went to war not just with Great Britain he also went to war with the whole of the British Empire the greatest empire that there had ever been In the years since 1945 that empire has disappeared and the crucial fact that the British Empire fought together as a whole during the war has been forgotten All the parts of the empire joined the struggle and were involved in it from the beginning undergoing huge changes and sometimes suffering great losses as a result The war in the desert the defence of Malta and the Malayan campaign and the contribution of the empire as a whole in terms of supplies communications and troops all reflect the strategic importance of Britain's imperial status Men and women not only from Australia New Zealand and India but from many parts of Africa and the Middle East all played their part Winston Churchill saw the war throughout in imperial terms The British Empire and the Second World War emphasises a central fact about the Second World War that is often forgotten

The Burma Campaign Frank McLynn, 2011-10-04 This history reveals the failures and fortunes of leadership during the WWII campaign into Japanese occupied Burma a thoroughly satisfying experience Kirkus Acclaimed historian Frank McLynn tells the story of four larger than life Allied commanders whose lives collided in the Burma campaign one of the most punishing and protracted military adventures of World War II This vivid account ranges from Britain's defeat in 1942 through the crucial battles of Imphal and Kohima known as the Stalingrad of the East and on to ultimate victory in 1945 Frank McLynn narrative focuses on the interactions and antagonisms of its principal players William Slim the brilliant general Orde Wingate the idiosyncratic commander of a British force of irregulars Louis Mountbatten one of Churchill's favorites overpromoted to the position of Supreme Commander S E Asia and Joseph V. "Vinegar" Joe Stilwell a hard line and openly Anglophobic U S general With lively portraits of each of these men McLynn shows how the plans and strategies of generals and politicians were translated into a hideous reality for soldiers on the ground

Military Logistics and Strategic Performance Thomas M. Kane, 2012-07-26 This work argues that logistics in warfare is crucial to achieving strategic success The author identifies logistical capabilities as an arbiter of opportunity which plays a critical role in

determining which side will hold the strategic initiative in war Armies which have secured reliable resources of supply have a great advantage in determining the time and manner in which engagements take place Often they can fight in ways their opponents cannot The author illustrates this point with case studies of British logistics during the Burma campaign in the World War II American logistical innovations during the Pacific War Communist supply methods during the American phase of the Vietnam War and the competing logistical systems of both NATO and Warsaw Pact conventional forces during the Cold War

Burma, Kipling and Western Music Andrew Selth,2016-11-03 For decades scholars have been trying to answer the question how was colonial Burma perceived in and by the Western world and how did people in countries like the United Kingdom and United States form their views This book explores how Western perceptions of Burma were influenced by the popular music of the day From the First Anglo Burmese War of 1824-6 until Burma regained its independence in 1948 more than 180 musical works with Burma related themes were written in English speaking countries in addition to the many hymns composed in and about Burma by Christian missionaries Servicemen posted to Burma added to the lexicon with marches and ditties and after 1913 most movies about Burma had their own distinctive scores Taking Rudyard Kipling's 1890 ballad Mandalay as a critical turning point this book surveys all these works with emphasis on popular songs and show tunes also looking at classical works ballet scores hymns soldiers songs sea shanties and film soundtracks It examines how they influenced Western perceptions of Burma and in turn reflected those views back to Western audiences The book sheds new light not only on the West's historical relationship with Burma and the colonial music scene but also Burma's place in the development of popular music and the rise of the global music industry In doing so it makes an original contribution to the fields of musicology and Asian Studies
