Agony At Galloway One Church's Struggle With Social Change:

Agony at Galloway W. J. Cunningham, 1978 **Church People in the Struggle** James F. Findlay, 1993 In the 1960s the mainstream Protestant churches responded to an urgent need by becoming deeply involved with the national black community in its struggle for racial justice The National Council of Churches NCC as the principal ecumenical organization of the national Protestant religious establishment initiated an active new role by establishing a Commission on Religion and Race in 1963 Focusing primarily on the efforts of the NCC this is the first study by an historian to examine the relationship of the predominantly white mainstream Protestant Churches to the Civil Rights movement Drawing on hitherto little used and unknown archival resources and extensive interviews with participants Findlay documents the churches committed involvement in the March on Washington in 1963 the massive lobbying effort to secure passage of the Civil Rights Act of 1964 their powerful support of the struggle to end legal segregation in Mississippi and their efforts to respond to the Black Manifesto and the rise of black militancy before and during 1969 Findlay chronicles initial successes then growing frustration as the events of the 1960s unfolded and the national liberal coalition of which the churches were a part disintegrated While never losing sight of the central indispensable role of the African American community Findlay's study for the first time makes clear the highly significant contribution made by liberal religious groups in the turbulent exciting moving and historic decade of the 1960s *Encyclopedia of Mississippi* Nancy Capace, 2001-01-01 The Encyclopedia of Mississippi contains detailed information on States Symbols and Designations Geography Archaeology State History Local History on individual cities towns and counties Chronology of Historic Events in the State Profiles of Governors Political Directory State Constitution Bibliography of books about the state and an Index **Open Friendship in a Closed Society** Peter Slade, 2009-10-09 Peter Slade examines Mission Mississippi's model of racial reconciliation which stresses one on one individual friendships among religious people of different races and considers whether it can effectively address the issue of social justice Slade argues that Mission Mississippi's goal of changing Mississippi one relationship at a time is both a pragmatic strategy and a theological statement of hope for social and economic change in Mississippi *Making Haste Slowly* David G. Sansing, 2011-09-05 A comprehensive history that reveals the intrusion of culture and politics into higher education in Mississippi *Sanctuaries of Segregation* Carter Dalton Lyon, 2017-03-20 Winner of the 2017 Eudora Welty Prize *Sanctuaries of Segregation* provides the first comprehensive analysis of the Jackson Mississippi church visit campaign of 1963 1964 and the efforts by segregationists to protect one of their last refuges For ten months integrated groups of ministers and laypeople attempted to attend Sunday worship services at all white Protestant and Catholic churches in the state's capital city While the church visit was a common tactic of activists in the early 1960s Jackson remained the only city where groups mounted a sustained campaign targeting a wide variety of white churches Carter Dalton Lyon situates the visits within the context of the Jackson Movement compares the actions to church visits and kneel ins in other cities and

places these encounters within controversies already underway over race inside churches and denominations He then traces the campaign from its inception in early June 1963 through Easter Sunday 1964 He highlights the motivations of the various people and organizations the interracial dialogue that took place on the church steps the divisions and turmoil the campaign generated within churches and denominations the decisions by individual congregations to exclude black visitors and the efforts by the state and the Citizens Council to thwart the integration attempts Sanctuaries of Segregation offers a unique perspective on those tumultuous years Though most churches blocked African American visitors and police stepped in to make forty arrests during the course of the campaign Lyon reveals many examples of white ministers and laypeople stepping forward to oppose segregation Their leadership and the constant pressure from activists seeking entrance into worship services made the churches of Jackson one of the front lines in the national struggle over civil rights

The Last Segregated Hour Stephen R. Haynes, 2012-11-08 Offers an anatomy of kneel ins as a strategy for revealing and combating racial segregation within the church Inspiring account of little known episode in the struggle for racial equality from publisher description

Our Hearts Were Strangely Lukewarm John Elford, 2023-05-26 Our Hearts Were Strangely Lukewarm summons the reader on a most unusual journey through Methodist history Along the way we discover how the White American Methodist Church became deeply entangled with White supremacy From the founding of the church in the late eighteenth century to the present we have too often been silent bystanders or active accomplices in the enormous harm caused by racism It s a complicated and shameful story few Methodists know And yet if we want to transform the world toward a different and better future for all one free of the stranglehold of racism we must come to terms with the story of our past the whole story Our Hearts Were Strangely Lukewarm is a trustworthy guide into the church s troubled history It s also a present day call to action that finds inspiration in those Methodists who stood against the tide and those guiding the church today toward the horizon of racial justice

Mississippi Praying Carolyn Renée Dupont, 2015-09 Winner of the 2013 Frank S and Elizabeth D Brewer Prize presented by the American Society of Church History Mississippi Praying examines the faith communities at ground zero of the racial revolution that rocked America This religious history of white Mississippians in the civil rights era shows how Mississippians intense religious commitments played critical rather than incidental roles in their response to the movement for black equality During the civil rights movement and since it has perplexed many Americans that unabashedly Christian Mississippi could also unapologetically oppress its black population Yet as Carolyn Ren e Dupont richly details white southerners evangelical religion gave them no conceptual tools for understanding segregation as a moral evil and many believed that God had ordained the racial hierarchy Challenging previous scholarship that depicts southern religious support for segregation as weak Dupont shows how people of faith in Mississippi rejected the religious argument for black equality and actively supported the effort to thwart the civil rights movement At the same time faith motivated a small number of white

Mississippians to challenge the methods and tactics of do or die segregationists Racial turmoil profoundly destabilized Mississippi's religious communities and turned them into battlegrounds over the issue of black equality Though Mississippi's evangelicals lost the battle to preserve segregation they won important struggles to preserve the theology that had sustained the racial hierarchy Ultimately this history sheds light on the eventual rise of the religious right by elaborating the connections between the pre and post civil rights South
