Aims Of Argument A Brief Guide With Student Access To Catalyst:

The Aims of Argument Timothy W. Crusius, Carolyn E. Channell, 2006 *Aims of Argument* Timothy Crusius, Timothy W. Crusius, Carolyn Channell, 2005-03 Focuses on the aims or purposes of argument to inquire to convince to persuade and to mediate This book emphasizes rhetorical contexts to help students become experts in reading analyzing and writing arguments **Washing the Brain □ Metaphor and Hidden Ideology** Andrew Goatly, 2007-01-17 Contemporary metaphor theory has recently begun to address the relation between metaphor culture and ideology In this wide ranging book Andrew Goatly using lexical data from his database Metalude investigates how conceptual metaphor themes construct our thinking and social behaviour in fields as diverse as architecture engineering education genetics ecology economics politics industrial time management medicine immigration race and sex He argues that metaphor themes are created not only through the universal body but also through cultural experience so that an apparently universal metaphor such as event structure as realized in English grammar is in fact culturally relative compared with e g the construal of cause and effect in the Algonquin language Blackfoot Moreover event structure as a model is both scientifically reactionary and as the basis for technological mega projects has proved environmentally harmful Furthermore the ideologies of early capitalism created or exploited a selection of metaphor themes historically traceable through Hobbes Hume Smith Malthus and Darwin These metaphorical concepts support neo Darwinian and neo conservative ideologies apparent at the beginning of the 21st century ideologies underpinning our social and environmental crises The conclusion therefore recommends skepticism of metaphor s reductionist tendencies **Resources in Education** , 1998-07 **The Transformative Classroom** Douglas Yacek, 2021-05-24 Transformative approaches to teaching and learning have become ubiquitous in education today Researchers practitioners and commentators alike often claim that a truly worthwhile education should transform learners in a profound and enduring way But what exactly does it mean to be so transformed What should teachers be transforming students into Should they really attempt to transform students at all The Transformative Classroom engages with these questions left open by the vast discussion of transformative education providing a synthetic overview and critique of some of the most influential approaches today In doing so the book offers a new theory of transformative education that focuses on awakening and facilitating students aspiration Drawing on important insights from ethics psychology and the philosophy of education the book provides both conceptual clarity and concrete practical guidance to teachers who hope to create a transformative classroom This book will be of great interest for academics K 12 teachers researchers and students in the fields of curriculum and instruction teaching and learning adult education social justice education educational theory and philosophy of education *Political and Historical Encyclopedia of Women* Christine Fauré, 2004-06-02 First Published in 2003 Routledge is an imprint of Taylor Francis an informa company **Methods and Skills for Philosophy** Jesper Kallestrup, 2024-10-10 Methods and Skills for Philosophy introduces students to methodologies strategies heuristics and

formal tools which are typically employed in contemporary analytic philosophy This helpful resource gets the reader to engage with the analytical skills required to master postgraduate studies in philosophy In conjunction with analysing texts reflecting on arguments and trying to solve problems the book will help instil in students the kind of understanding knowledge and skills they need to succeed at the postgraduate level More specifically students will have a better grasp of how to pose a succinct research question and then critically pursue the proposed topic by engaging with relevant literature reflecting on philosophical presuppositions selecting suitable argumentative strategies and defending a preferred view against objections Topics covered include the nature and character of arguments conceptual analysis analytical truths logic and language models of explanation and reduction strategies and dialectics rational intuitions Methods and Skills for Philosophy An Advanced Guide provides a comprehensive and accessible introduction to philosophical methods It is a must read for advanced undergraduate or postgraduate students of philosophy and also suitable for those studying postgraduate philosophy who have a background in other academic disciplines
