both sides of the conflict Rich in detail and human drama Creek Mary's Blood offers a robust unfussed crash course in Native American history that rolls from East to West with dark inexorable energy Kirkus Reviews History Is in the Land T. J. Ferguson, Chip Colwell, 2015-09-01 Arizona's San Pedro Valley is a natural corridor through which generations of native peoples have traveled for more than 12 000 years and today many tribes consider it to be part of their ancestral homeland This book explores the multiple cultural meanings historical interpretations and cosmological values of this extraordinary region by combining archaeological and historical sources with the ethnographic perspectives of four contemporary tribes Tohono O'odham Hopi Zuni and San Carlos Apache Previous research in the San Pedro Valley has focused on scientific archaeology and documentary history with a conspicuous absence of indigenous voices yet Native Americans maintain oral traditions that provide an anthropological context for interpreting the history and archaeology of the valley The San Pedro Ethnohistory Project was designed to redress this situation by visiting archaeological sites studying museum collections and interviewing tribal members to collect traditional histories The information it gathered is arrayed in this book along with archaeological and documentary data to interpret the histories of Native American occupation of the San Pedro Valley This work provides an example of the kind of interdisciplinary and politically conscious work made possible when Native Americans and archaeologists collaborate to study the past As a methodological case study it clearly articulates how scholars can work with Native American stakeholders to move beyond confrontations over who owns the past yielding a more nuanced multilayered and relevant archaeology **Geronimo** Angie Debo, 2012-09-06 On September 5 1886 the entire nation rejoiced as the news flashed from the Southwest that the Apache war leader Geronimo had surrendered to Brigadier General Nelson A Miles With Geronimo at the time of his surrender were Chief Naiche the son of the great Cochise sixteen other warriors fourteen women and six children It had taken a force of 5 000 regular army troops and a series of false promises to capture the band Yet the surrender that day was not the end of the story of the Apaches associated with Geronimo Besides his small band 394 of his tribesmen including his wife and children were rounded up loaded into railroad cars and shipped to Florida For more than twenty years Geronimo's people were kept in captivity at Fort Pickens Florida Mount Vernon Barracks Alabama and finally Fort Sill Oklahoma They never gave up hope of returning to their mountain home in Arizona and New Mexico even as their numbers were reduced by starvation and disease and their children were taken from them to be sent to the Carlisle Indian School in Pennsylvania Reconstructing American Historical Cinema J.E. Smyth, 2006-10-27 In Reconstructing American Historical Cinema From Cimarron to Citizen Kane J E Smyth dramatically departs from the traditional understanding of the relationship between film and history By looking at production records scripts and contemporary reviews Smyth argues that certain classical Hollywood filmmakers were actively engaged in a self-conscious and often critical filmic writing of national history Her volume is a major reassessment of American historiography and cinematic historians from the advent of sound to the beginning of wartime film production in 1942 Focusing on key films

such as *Cimarron* 1931 *The Public Enemy* 1931 *Scarface* 1932 *Ramona* 1936 *A Star Is Born* 1937 *Jezebel* 1938 *Young Mr. Lincoln* 1939 *Gone with the Wind* 1939 *Stagecoach* 1939 and *Citizen Kane* 1941 Smyth explores historical cinema's connections to popular and academic historiography historical fiction and journalism providing a rich context for the industry's commitment to American history Rather than emphasizing the divide between American historical cinema and historical writing Smyth explores the continuities between Hollywood films and history written during the first four decades of the twentieth century from Carl Becker's famous *Everyman His Own Historian* to Howard Hughes's *Scarface* to Margaret Mitchell and David O. Selznick's *Gone with the Wind* Hollywood's popular and often controversial cycle of historical films from 1931 to 1942 confronted issues as diverse as frontier racism and women's experiences in the nineteenth century South the decline of American society following the First World War the rise of Al Capone and the tragic history of Hollywood's silent era Looking at rarely discussed archival material Smyth focuses on classical Hollywood filmmakers adaptation and scripting of traditional historical discourse and their critical revision of nineteenth and twentieth century American history *Reconstructing American Historical Cinema* uncovers Hollywood's diverse and conflicted attitudes toward American history This text is a fundamental challenge the prevailing scholarship in film history and cultural studies *The Films of Audie Murphy* Bob Larkins, Boyd Magers, 2016-05-01 This work not only traces Audie Murphy's life as a film actor from *Beyond Glory* 1948 to *A Time for Dying* 1971 but also provides a biography that runs from his birth to his three years in the army winning every possible combat medal including the Congressional Medal of Honor and from his Hollywood debut at James Cagney's invitation to his final dramatic decline gambling his fortunes away becoming involved in violent episodes and dying in a plane crash in 1971 Each of the 49 film entries gives full credits including casts characters crew date of release location and cost backgrounds for directors and main players and comments and anecdotes from interviews with Murphy's colleagues Critical reviews are quoted and the work is richly illustrated with film stills and private photographs *Biography by Americans, 1658-1936* Edward H. O'Neill, 2016-11-11 This volume is the most comprehensive bibliography of purely biographical material written by Americans It covers every possible field of life but by design excludes autobiographies diaries and journals
