Fitzgerald,Barry M Lester,Michael W. Yogman,2013-06-29 Volume I of Theory and Research in Behavioral Pediatrics focused on issues of early human development with special emphasis given to assessment of the preterm infant and to factors influencing the organization of the caregiver infant relationship Chapters in Volume 2 cover a broader range of topics and encompass a wider age span Chapter I provides a historical review of the relationship between developmental psychology and pediatrics The authors Barbara R Tinsley and Ross D Parke discuss differences between behavioral pediatrics and pediatric psychology and note that interdisciplinary collaboration in research and application has increased steadily in recent years However if similar collaborative efforts are to occur in education and training of pediatricians and developmental psychologists it will be necessary to determine just what each discipline hopes to gain from such collaborative efforts Tinsley and Parke report the results of a national survey designed to determine the areas of developmental psychology that pediatricians perceive to be of potential benefit to them in their delivery of pediatric care Results of the survey suggest that there are many ways in which developmental psychology could be incorporated into the pediatric curriculum In many respects Chapter 2 sets the stage for the remaining chapters Nancy A Carlson and Thomas Z *Educational and Developmental Aspects of Deafness* Donald F. Moores,1990 *Educational and Developmental Aspects of Deafness* details the ongoing revolution in the education of deaf children More than 20 researchers contributed their discoveries in anthropology education linguistics psychology sociology and other major disciplines with special concentration upon the education of deaf children Divided into two parts on education at home and in school this incisive book documents breakthroughs such as the public's interest in sign language the increasing availability of interpreters the growing perception of deafness as a social condition not a pathology and other positive trends It is unique as the first purely research based text and reference point for further study of the education of deaf children **Encyclopedia of Special Education, Volume 3** Cecil R.
