Antoni Tàpies Antoni Tàpies, 2004 *Conversations with Antoni Tàpies* Barbara Catoir, Antoni Tàpies, 1991 The author has condensed hundreds of hours of her conversations with Spain's leading contemporary artist and neatly assembled them in thematic chapters *Antoni Tapies. Englische Ausgabe.* Andreas Franzke, Antoni Tàpies, John William Gabriel, 1992-01
Antoni Tapies Spain's greatest living artist is a leading exponent of matter painting a style characterized by encrusted layers of paint that create an effect of solid relief His best known works resemble sections of weathered wall textured with the traces of time and human endeavor This highly concrete starkly immediate art reflects the artist's profound humanitarian concerns and continues the tradition of realism and solemn mysticism that has been characteristic of Spanish art through the centuries Featuring high quality reproductions of major works from all phases of the artist's career this book traces the development of Tapies's art from the drawings of the 1940's when he was forced by a potentially fatal disease to spend a long period in sanatoria to the first wall paintings of the mid 1950's from the assemblages of the 1970's to the fire clay sculptures of recent years A number of his latest paintings are discussed and illustrated The author shows how the artist's intensely personal imagery is intimately related to his intellectual and political experiences Throughout his career Tapies has been an advocate of freedom for his native Catalonia and during the Franco dictatorship was an outspoken champion of human liberty Such concerns have caused the artist to avoid pure abstraction whether by virtue of references to the visible world in his works or by the sheer force of their material presence Tapies has drawn inspiration from a wide variety of sources the art of Joan Miro and Paul Klee of Surrealism and Far Eastern calligraphy have played as formative a role as have the music of Richard Wagner and the philosophy of Hegel Jean Paul Sartre and the Far East He has absorbed these influences to fashion an art of confession of manifestos and appeals homages and protests This overview of an oeuvre marked by the greatest personal and artistic integrity is completed by biographical notes and an extensive bibliography BOOK JACKET Title

that occupy a unique midground between painting and sculpture Catalan artist Antoni Tàpies 1923 2012 fused the material vocabulary of Arte Povera and the gestural energy of Abstract Expressionism with the mystical sensibility of Iberian Catholicism Tàpies showed a preference for an austere palate and unconventional materials reflecting the limited resources of his political environment He spent three decades of his long productive career in Barcelona where he lived and died under the dictatorship of Francisco Franco In that time Tàpies confronted many of the paradoxes a creative artist faces under an authoritarian and anti intellectual regime In painting sculpture writing and other mediums his work existed in conversation with the currents of contemporary art in the West while within the strictures of an oppressive state Antoni Tàpies Political Biography illuminates the artist's responses to the conditions of his native Catalonia reproducing documents such as letters manifestoes and samples of the media reception Tàpies generated over the years alongside reproductions of works from across his career Texts by artists curators and critics discussing Tàpies and the context of his oeuvre plus a comparative chronology are also included Antoni Tàpies Antoni Tàpies, Marvin Ross Friedman, 1987
