Remote Work, Internal Marketing and Human Resource Management Teena Mishra, 2024-12-02 Remote working is a developing idea that many organizations are embracing especially in light of COVID 19 and the rise in demand for remote and hybrid roles As there is no standard model to use for implementation a number of problems and difficulties develop as popularity increases and hybrid working environments become normalized This book presents the views opinions and reality of remote work and creating an appropriate internal marketing culture in a remote environment The key topics explored are the significance of remote work remote work practice reshaping the work environment designing remote work models of remote work challenges of remote work facing business organizations remote work management innovations and technology the role of motivation and satisfaction in organizational development employee empowerment in a remote setting transparency and commitment for sustainable development and the future of remote work This research volume will be of value to researchers academicians practitioners and students in the fields of human resource management organizational studies and innovation management

Ideas Don't Die. Companies Do. Hari Abburi, 2025-07-04 Rethink ideas as the real value to the future of your business in a technology world where knowledge is increasingly a commodity In Ideas Don t Die Companies Do renowned voice on disruptive agility and executive Hari Abburi delivers an insightful framework for leaders to future proof their companies by creating an idea obsessed enterprise In the book you ll learn why ideas are more important than customers to disrupt the industry and marketplace The author explains how to distinguish between ideas that are truly original and those that require strategic execution to differentiate them from other choices on the market He offers key insights into how to glean information from other companies who have worked with the idea and how to apply that knowledge to your firm s own idea Inside the book Explanations of the idea moat that creates exponential value at one company as opposed to another that uses similar ideas Compelling answers to questions about idea timing and why ideas that failed a few years ago can be successful

today How to shift your company's focus from thinking customers to thinking ideas Perfect for managers executives entrepreneurs founders and other business leaders Ideas Don't Die Companies Do will also benefit product team leaders and other innovators with a desire to bring new and exciting ideas to the market **Rural and Regional Futures** Anthony Hogan, Michelle Young, 2014-09-19 Agriculture mining and related rural industries have been central to the development of Australia's economy This book details the role that the Australian Government has played in the making of rural and regional Australia particularly since World War II The book reviews these policies and evaluates them with regards the commitments undertaken by the Government to contribute towards vibrant rural communities Policy areas addressed include agriculture water education welfare and population natural resource management resource extraction Indigenous and affairs localism rural research and regional innovation Youth Affairs and the devolution of regional governance Overall two distinct policy strategies can be observed one wherein the government saw its role as part of the entrepreneurial state and a sector wherein government has increasingly taken itself out of industry development leaving this role to the market Having considered these strategies and their impacts the book concludes that policy over the past 40 years has not in fact contributed to a more vibrant prosperous rural and regional Australia Rural and Regional Futures concludes with several chapters looking to the future One chapter explores what the role of the state can be within a social market economy while the final chapter gives consideration to the initial steps rural communities will need to take to begin the process of revitalisation While these materials present as a case study of developments in Australia the policy shift from the Government as entrepreneur to a focus on markets is an international one and as such the insights offered by this book will have wide appeal Remotely Innovative Tom Coughlan, David Fogarty, 2025-07-23 In the near term the future will not belong to AI but it will belong to the people who understand AI and how to strategically leverage its advantages This book gives managers a new perspective on innovation and AI allowing them to seize the future As the pace of change has increased organizations have needed to invest in innovation initiatives to survive and thrive Up until now these models have focused on co location which is no longer an option in some cases and may not be necessary for all leaving organizations scrambling for options Following up on their work in Managing at a Distance Tom Coughlan and David Fogarty have developed this guide to help managers navigate the challenges of innovation in a world of hybrid and remote workers amidst the ever increasing use of AI They tackle questions such as the difference between creativity and innovation and how proximity or lack of it impacts teams and present strategic structural and measurement solutions to maximize the role of AI in successful innovation while not minimizing the people who make up organizations Platform agnostic this book will appeal to organizational leaders and managers who work with knowledge workers of any type as well as students and instructors in graduate business courses executive education and corporate training programs *Innovations by Ideas* Everett C. Borders Jr. Ph.D, 2014-07-30 How to segment This book depicts original groundbreaking practical perspectives of this writer's personal innovational concepts of theoretical proven

projections For the purposes of edification of this book it must be clear that neither attempt nor inference be made of adverse knowledge conveyed within the confines of this book This book conveys pure raw knowledge from years of time tested fieldwork not its attempts to twist convert imply alter reference to any criminal maniacal conclusions or monetary end The content of this book is for pure innovational purposes only general enlightenment not intended for any forms of distorted sorted criminal maniacal collusion Foreword this book is for all the fellow inventors scientist mercenaries many people who constantly shout against the wind of perpetual resistance

Learning for Uncertainty G. Williamson McDiarmid, Yong Zhao, 2022-01-31 *Learning for Uncertainty* explores technology's role in education specifically unpacking the question How should educators prepare today's children for a world that has yet to be made As technology evolves faster than our capacity to fully understand the social cultural economic and moral implications of many innovations today's educators are tasked with the unique role of preparing students to capitalize on technology's opportunities and also mitigate its dangers to their society to democratic processes and to institutions Veteran educators McDiarmid and Zhao explore the implications of emerging technologies for future jobs organizations students and learning covering topics such as The future of work and workers as technology eliminates some industries while creating new ones Potential futures both bright and dark awaiting students The qualities dispositions social behaviors and skills that are likely to advantage students in the future The possibility of technology to revolutionize education in ways that will better position students for an uncertain future How technology can free teachers from time and effort devoted to routine matters to instead assuming roles that are potentially more satisfying and supportive of their students learning Learning opportunities and educator roles that have the potential to bring about needed changes Capitalizing on these uncertain times to rethink curriculum pedagogy opportunities to learn and the organization of school as well as the roles of students educators parents and policymakers This latest book in the Routledge Leading Change series is ideal reading for educators and policymakers in both P 12 and higher education interested in ensuring our education systems provide the experiences and learning opportunities necessary to cultivate the innovative iconoclastic and generative thinkers and creators needed for a future that nourishes the minds bodies and spirits of all
