

What is **PRODUCTIVITY**?

Productivity refers to the efficiency and output of a system, process, or individual in relation to the resources invested.

It is a measure of how effectively inputs, such as time, labor, or capital, are converted into outputs or results.

High productivity implies achieving more with fewer resources, leading to increased efficiency and economic growth. In a personal or organizational context, productivity often involves optimizing workflows, leveraging technology, and improving efficiency to accomplish tasks and goals in a more effective and timely manner.
