Top Virtual Reality Office:

Collaboration Potential in Virtual Reality (VR) Office Space Marko Orel, 2022-08-09 The recent shift in labour markets has heightened the demand for alternative work arrangements Virtual reality VR technology plays a significant role in this transition with remote work as efficient as work performed from an organization's own office space This book explores the impact of immersive VR technology on the new virtual workspace Specifically it examines how VR can enable employees to overcome the distractions associated with working from home increase their visibility on team projects build stronger relationships with co workers reduce feelings of isolation due to social distancing and facilitate their engagement in collaborative work processes It also explores the limitations of two dimensional computer mediated communication tools for flexible working arrangements It thus offers theoretical foundations for future research on office digitalization and subsequent applications of VR technology on office work It also features the analysis of two dozen problem centered expert interviews with creators and executives of leading productivity VR tools that enable the remote collaboration between knowledge workers

Best Technologies for Public Libraries Christopher DeCristofaro, James Hutter, Nick Tanzi, 2020-01-08 Emerging technologies can intimidate with their cost and uncertainty this book provides flexible options for adopting the most popular ones Introducing new technologies to your library can be a daunting process they can be costly they may be unfamiliar to many staff members and their success is far from assured To address these concerns Best Technologies for Public Libraries accommodates budgets large and small providing options for both the ambitious and the cost conscious Authors Christopher DeCristofaro James Hutter and Nick Tanzi provide a resource for staff looking to incorporate a number of emerging technologies into their library and makerspaces Each chapter explores a new technology including 3D printing drones augmented reality and virtual reality covering how the technologies work the selection process training sample programming best practices and relevant policy By describing a variety of program and service ideas across age groups the book gives readers the ability to first evaluate them within the context of their own organization before incorporating ideas la carte This approach helps readers to adopt these new technologies and create policies with uses already in mind
