E. Osto,2016-04-26 In the 1960s Americans combined psychedelics with Buddhist meditation to achieve direct experience through altered states of consciousness As some practitioners became more committed to Buddhism they abandoned the use of psychedelics in favor of stricter mental discipline but others carried on with the experiment advancing a fascinating alchemy called psychedelic Buddhism Many think exploration with psychedelics in Buddhism faded with the revolutionary spirit of the sixties but the underground practice has evolved into a brand of religiosity as eclectic and challenging as the era that created it Altered States combines interviews with well known figures in American Buddhism and psychedelic spirituality including Lama Surya Das Erik Davis Geoffrey Shugen Arnold Sensei Rick Strassman and Charles Tart and personal stories of everyday practitioners to define a distinctly American religious phenomenon The nuanced perspective that emerges grounded in a detailed history of psychedelic religious experience adds critical depth to debates over the controlled use of psychedelics and drug induced mysticism The book also opens new paths of inquiry into such issues as re enchantment the limits of rationality the biochemical and psychosocial basis of altered states of consciousness and the nature of subjectivity **Alex Faraway** G. F. Brynn,2024-01-30 Only a week after a fierce battle in the abandoned scrapyard against the wicked horde of large insect bots known as The Others culminating in their destruction when the huge Mars Biosphere spaceship blasted its way out of the scrapyard Alex Faraway waits impatiently for his long missing father s promised return from that planet But Dart Alex s large robotic Guardian Dragonfly is unsure if the sinister creatures from his own past are gone for good The robot flies regular patrols over the 100 acre scrapyard until one morning he abruptly disappears Alex goes in search of his adventurous friend unaware that the plot to invade Mars and destroy the last remaining Martians before they awaken from their hibernation Time Tombs is far from finished The battle from the previous week has only added weight to the might of The Others and has triggered the arrival in the scrapyard of an ever more powerful robot one with brutish motivation to complete the creation of a deadly machine from ten thousand years ago And now not only is Mars in their sites but Earth is as well

Something new powerful and frightening is also happening to Alex Faraway with each passing day and each time he uses the strange Martian made device called a Luss His nightly dreams of an ancient people long forgotten are growing more physical in nature as the Glass Tunnels blur the immutable barrier between past and present dreams and reality The Ghosts and the Nethlins are coming And all the while the unknown rogue world the shadowy Planet X draws ever nearer to its ten thousand year close encounter with Mars What mysteries from the distant past does that strange glittering world hold
