**American Society for Eighteenth-
Century Studies**

Alexander Hamilton How The Mighty Are Redeemed:

Alexander Hamilton Christopher S. Yates, 2000 **1776 Faith** Phil Webster, 2009-10-27 Phil Webster has a passion for communicating the Christian worldview of the Founding Fathers to this generation His book 1776 Faith shows the Christian worldview of the signers of the Declaration of Independence other Founders the days of prayer for the country the original state constitutions which had a place for God instances of Divine Providence on the young nation the Christian colleges of the era the effect of the Great Awakening on the Founders and the Christian music of the era Phil is a graduate of Asbury College in Wilmore Kentucky and received his M Div degree from Trinity Evangelical Divinity School in Deerfield Illinois He worked with Operation Mobilization in Spain England and on board the M V Doulos in South America He taught for five years at Salisbury Christian School and received a Who's Who Among America's Teachers in 1998 He is married to Jean and has four children Carolyn Joseph Daniel and Elizabeth The research for 1776 Faith comes from reading the primary sources of the 25 volumes of Letters of the Delegates of Continental Congress 1774-1789 and 34 volumes of Journals of Continental Congress He challenges you to take the Founders Challenge and see if the Founders were deists atheists or had a Christian worldview

On Two Wings Michael Novak, 2010-01-01 The leaders of the American Revolution unlike the leaders of the French revolution did not set out to erase religion Indeed the very first act of the Continental Congress was to pray to Divine Providence in the face of the British bombardment of Boston In establishing a new model of self government the Founders believed that they were not only acting according to reason and common sense but also obeying a religious duty Benjamin Franklin proposed as their motto Rebellion against tyrants is obedience to God In telling the story of the forgotten if not deliberately ignored role of faith in America's beginnings Michael Novak probes the innermost religious conviction of Washington Jefferson Madison and other of our Founders He shows that while the American eagle could not have taken flight without the empirical turn of mind embodied in John Locke's teaching on the ends of government and the consent of the governed the men who made America also believed that liberty depends as much on faith as on reason In the course of his illustrious career Michael Novak has written several prize winning books on theology and philosophy In On Two Wings he has created a profound meditation on American history and on human nature and destiny as well **The Eighteenth Century**

American Society for Eighteenth-Century Studies, 2004 In their hundreds of entries and reviews the editorial staff have expanded both the quantity and depth of the work but also re-evaluated the subject headings to better reflect the needs of users be they professionals or students General categories include printing and bibliographical studies historical social and economic studies philosophy Alexander Hamilton James Edward Graybill, 1897 *Alexander Hamilton* Vinton Phillips Brooks, 1881

The Triumph of Grace; Or, Scriptural Proofs that God Will Exempt His People from the Judgment which Shall Condemn the World Alexander Hamilton Synge (Incumbent of St. Peter's, Ipswich.), 1865 Power, Powerlessness, and Globalization Opoku Agyeman, 2014-08-20 This book is about imperialism driven globalization its historic

impact on Africa Latin America and Asia and over time the varied responses of the national political units and regional entities in these continents to the challenges of building countervailing power and laying foundations for independent development Where genuine recovery and empowerment have emerged this has been the result not only of the pursuit of dignitist political and economic values that emphasize robust and sustained productivity geared toward uplifting the living standards and dignity of all the members of the national society but also of the creation of indigenous institutions whose relations with the external world are defined by equality rather than dependence and subordination Opoku Agyeman argues that dignification is the fundamentally necessary response to imperialism s inevitable afflictions of national racial humiliation It is the most crucial ingredient in the complex of motivations that propel formerly weak nation states and regional communities to rise up and defend the honor of their people As Mao Zedong told the world in 1949 Ours will no longer be a nation subject to insult and humiliation We have stood up This study argues emphatically that it is a country s or region s developed or developing capabilities not its historic and continuing victimization or habitual dependence on charitable aid and other altruistic interventions from the international community that determines its success in escaping the scourge of powerlessness and underdevelopment It further maintains that a people who have been brought low through brutal dehumanizing imperialism cannot bypass the need for redemptive empowerment if they wish to regain honor and a proper place in the world Finally it takes issue with Joseph Stiglitz Jeffrey Sachs and others like them whose moralistic critiques of the rapacity of imperialistic globalization carry the unfortunate implication that it is possible for a fair and just world social order to come out of incremental reforms of philanthropically motivated developed powerful countries in the structure and operations of global capitalism

Sermons Alexander Hamilton Vinton, 1855 **Let Justice Flow Like Water** Joshua M. Greever, D. A. Horton, Justin McLendon, 2025-06-01 Edited by Joshua M Greever D A Horton and Justin McLendon Let Justice Flow Like Water addresses the strained relationship between social justice the gospel and the mission of the church In response to the misuse of Scripture to promote personal ends the volume reorients the conversation around justice and centers it in the biblical text and its theological implications The authors provide practical wisdom and points of application to pastors ministry leaders and students The authors examine the most frequently cited texts on biblical justice through a coherent biblical and systematic theological method The result is a glimpse into God s heart for justice and his desire for humanity especially the church to share this heart The volume s theology is supplemented by practical guidance to pastors so that they can lead their churches to embrace the gospel and social justice properly understood Let Justice Flow Like Water serves as an irenic reminder to pastors students and educated lay people to return to the biblical text to understand it more accurately and to reengage and understand one another in a winsome fashion for the sake of the gospel the mission of the church and the glory of God
