Esotericism Amy Hale, 2022-01-21 This book is the first collection to feature histories of women in Western Esotericism while also highlighting women's scholarship. The chapters are divided into four thematic sections that address current topics in the study of esotericism: race and othering, femininity, power and leadership, and embodiment. This collection not only adds important voices to the story of Western Esotericism, it hopes to change the way the story is told.
