Please visit <https://www.robingreenfield.org/shop/foodfreedom> to learn more and order a copy. Ten years ago, Robin Greenfield awoke to the destruction of the industrial food system. Since then, he has been deeply exploring the food we eat, often through immersive activism, which led to one of his most burning questions: could he step outside of the food system completely and grow and forage 100% of his food? In Food Freedom, he shares his adventures of living without grocery stores or restaurants. Nothing packaged, processed, or shipped, not even multivitamins, supplements, or spices. Within the city of Orlando, Florida, he turned lawns into abundant gardens with a biodiversity of over 100 plant species. He foraged 200 species of plants and mushrooms from nature, experimenting with food as his medicine. Follow Robin on an emotional journey as he explores growing and foraging to deepen his connection to local food and establish a relationship of reciprocity with the land. The
