Green Building 2025 Edition

CO Houle

Green Building 2025 Edition:

Green Buildings and Sustainable Engineering Harald Drück, Radhakrishna G. Pillai, Manoj G Tharian, Aysha Zeneeb Majeed, 2018-07-14 This book comprises the proceedings of the International Conference on Green Buildings and Sustainable Engineering GBSE 2018 which focused on the theme Transforming our Built Environment through Innovation and Integration towards a Smart and Sustainable Future The papers included address all aspects of green buildings and sustainability practices in civil engineering and offer a valuable reference resource for researchers practitioners and policy makers

Beiträge Zur 15. Internationalen Konferenz Zu Stadtplanung, Regionalentwicklung und Informationsgesellschaft Manfred Schrenk, 2010 , *Marketing Green Building Services* Jerry Yudelson, 2012-07-26 *Marketing Green Building Services Strategies for Success* presents all the information key decision makers need to respond to the fast growing market for green buildings design and construction services and products Completely updated revised and expanded from the author's previous works this book is the one resource you need to succeed in the green building marketplace With a sound grounding in contemporary marketing theory and practice the book assembles hard to find information to assist executives and partners in design and construction firms in crafting competitive strategies that build on their firm strengths while shoring up their weaknesses Since most design and construction firms specialize in particular market sectors the book systematically examines the important market segments for green buildings It also presents key business case justifications for green buildings that help architects engineers and builders to understand client motivations and respond to them with appropriate marketing tactics and communications strategies The book examines how the green building market is adopting certain new products and design approaches information that will help manufacturers and product sales teams to craft appropriate marketing strategies The book also helps owners and developers understand the green building business case and to find out what other leading edge firms and projects have learned how to market and sell green buildings and green developments in a highly competitive marketplace

The Green Building Evolution Godwell Nhamo, Vuyo Mjimba, 2019-12-19 *The Green Building Evolution* illuminates global examples and makes use of case studies mainly from South Africa This book is in five parts Part I is a single introductory chapter centred on the evolution of the green building movement Part II addresses the green building terrain Part III presents selected case studies Part IV focuses on chapters that address pushing the boundaries in the green building space while Part V presents emerging trends and policy perspectives Further details are contained in the main body of the book It is our sincere hope that readers will experience the book as an informative and ground breaking adventure Written by 14 authors from different academic disciplines and areas of specialisation the book comes as the sixth in a series that addresses global and national concerns on climate change sustainable development and the green economy transition agenda The book series is conceptualised and coordinated by the Exxaro Chair in Business and Climate Change led by Prof Godwell Nhamo and hosted by the Institute for

Corporate Citizenship ICC at the University of South Africa UNISA The books are published by the Human Sciences Research Council HSRC through the Africa Institute of South Africa *Green Building with Concrete* Gajanan M. Sabnis, 2015-06-16 Illustrates the Global Relevance of Sustainability Applicable to roads bridges and other elements of the infrastructure *Green Building with Concrete Sustainable Design and Construction* Second Edition provides an overview of all available information on the role of concrete in green building A handbook offering viewpoints from worldwide experts **Reinventing Green Building** Jerry Yudelson, 2016-04-25 Buildings and their associated systems are the largest source of greenhouse gases in the world The 2030 Challenge aims to produce zero net energy from new North American construction by 2030 while achieving a 50 percent reduction in carbon emissions from existing buildings With less than 4 percent of commercial and residential structures in the United States and Canada certified by 2015 we seem destined to fall catastrophically short of this target Reinventing Green Building combines a unique insider's critique of the current state of affairs with a potent vision for the future This highly visual data driven analysis brings together the wisdom of today's leading practitioners including Up to date information on green building issues energy economics and new technology Dramatic new approaches to certification system design and user experience Creative outside the box solutions using the Internet of Things big data analytics and cloud based technologies for building management The green building revolution has failed to fulfill its promise to transform the marketplace in a meaningful way Smart simple and sustainable Reinventing Green Building presents a new approach to certification designed to radically cut costs while dramatically increasing marketplace acceptance integrating true climate mitigation and better building performance Jerry Yudelson dubbed The Godfather of Green by Wired magazine in 2011 has many years of professional experience in the green building field elected as a LEED Fellow and having served as the president of the Green Building Initiative He is the author of thirteen books in the field including Dry Run Choosing Green and Green Building A Z **Green Building Certification Systems** Thilo Ebert, Natalie Eßig, Gerd Hauser, 2012-12-10 No detailed description available for Green Building Certification Systems [Becoming a Green Building Professional](#) Holley Henderson, 2012-08-03 A career guide for professionals in sustainable architecture design planning development and related consulting For those considering a new career or a career change focused on green and sustainable building and design Becoming a Green Building Professional offers practical information on educational requirements career options guidance and tips and first hand interviews with green building professionals Perfect for underemployed architects and other building and design professionals who want to reinvent and renew their careers as well as students considering such a career this is a vital and informative guide to a growing field [The Law of Green Buildings](#) J. Cullen Howe, 2010 Examining the most important issues in achieving the goal of building more efficient and less damaging buildings this book highlights the significant statutes and regulations as well as other legal issues that need to be considered when advising clients in the development construction financing and leasing of a green building Topics include federal incentive programs financing

alternative energy site selection land use planning green construction practices and materials emerging legal issues and the effects of climate change on planning and architectural design
