Fashion eBook GURMEET SINGH DANG, Cultural Sensitivity, Cross-Border Logistics, and E-Commerce in Global Marketing Tarnanidis, Theodore, Vlachopoulou, Maro, 2025-04-17 In the digital age global marketing management plays a crucial role in navigating the complexities of a highly interconnected and rapidly evolving world. Companies must balance technological advancements with cultural sensitivity, adapting their strategies to meet the unique legal, economic, and social conditions of each market. The rise of strategic partnerships and global alliances highlights the importance of collaboration in addressing these challenges. By embracing innovative approaches, businesses can create effective marketing programs that resonate with diverse audiences, fostering growth and competitiveness on a global scale. *Cultural Sensitivity, Cross Border Logistics, and E Commerce in Global Marketing* examines the ongoing trends in global marketing management strategies within the digital domain. It identifies and analyzes the key challenges of marketing and management transformation in the digital age, particularly in diverse cultural and cross-cultural business contexts and their influence on both domestic and international marketing strategies. Covering topics such as artificial intelligence, AI entrepreneurship, and sustainable consumption, this book is an excellent resource for academicians, researchers, students, consultants, technology developers, policymakers, and more.

Changing Textile and Apparel Consumption in Transformative Era of Sustainability and Digitalization Canan Saricam, Nazan Okur, 2025-07-17 This monograph describes emerging practices of sustainability and digitalization in the fashion industry and the consumer perspectives on implementation efforts. The chapters in the book are organized into three parts. In the first part of each chapter, a general overview of the topic is given with the relevant descriptions, information, facts, and statistics. The second section of each chapter provides cases and consumer perspectives. Each chapter ends with an empirical study. The chapters discuss practical implications for the professionals as well as findings associated with different consumer groups. The contents of this book will be useful to both academics and practitioners.

Law and Sustainable Development After COVID-19 Augustine Edobor Arimoro, Ezinne Mirian Igbokwe, Tamaraudoubra Tom Egbe, 2024-06-18 This book considers the impact of the COVID-19 pandemic on the realisation of the United Nations Sustainable Development Goals. Although efforts towards the attainment of the Sustainable Development Goals are ongoing, the COVID-19 pandemic has had a significant impact on these efforts, accentuating inequities as well as absorbing resources. This book addresses this impact as it takes up the question of how to ensure global recovery in line with the target for the Sustainable Development Goals after the pandemic. Adopting an interdisciplinary approach but focusing particularly on the role of law and legal frameworks in this recovery, the book considers the effect of the pandemic on key industries such as shipping, insurance, manufacturing, and banking, as well as on the role of the State and non-State actors. Pursuing an explicitly Global South perspective, the book maintains that in the post-COVID era, it is the elaboration of a rule of law framework that is in sync with both the Global North and South that is crucial if the Sustainable Development

Goals are to be achieved This book will be of value to scholars students and policymakers working in the general area of law and development but especially those with specific interests in the United Nations Sustainable Development Goals

Handbook of Sustainable Apparel Production Subramanian Senthilkannan Muthu, 2015-04-28 A hot button societal issue, sustainability has become a frequently heard term in every industrial segment. Sustainability in apparel production is a vast topic and it has many facets. *Handbook of Sustainable Apparel Production* covers all aspects of sustainable apparel production including the raw materials employed, sustainable manufacturing processes. **Textiles, Identity and Innovation: Design the Future** Gianni Montagna, Cristina Carvalho, 2018-10-03 D_TEX presents itself as a starting point at a crossroads of ideas and debates around the complex universe of Textile Design in all its forms, manifestations and dimensions. The textile universe allied to mankind since its beginnings is increasingly far from being an area of exhausted possibilities; each moment proposing important innovations that need a presentation, discussion and maturation space that is comprehensive and above all, inter and transdisciplinary. Presently, the disciplinary areas where the textile area is present are increasing and important, such as fashion, home textiles, technical clothing and accessories but also construction and health among others, and can provide new possibilities and different disciplinary areas, allowing the production of new knowledge. D_TEX proposes to join the thinking of design with technologies, tradition, techniques and related areas in a single space where ideas are combined with the technique and with the projectual and research capacity, thus providing for the creation of concepts, opinions, associations of ideas, links and connections that allow the conception of ideas, products and services. The interdisciplinary nature of design is a reality that fully reaches the textile material in its essence and its practical application.

through the synergy and contamination by the different interventions that make up the multidisciplinary teams of research
The generic theme of D_TEX Textile Design Conference 2017 held at Lisbon School of Architecture of the University of
Lisbon Portugal on November 2 4 2017 is Design the Future starting from the crossroads of ideas and debates a new starting
point for the exploration of textile materials their identities and innovations in all their dimensions
