

smaller buildings, as in the Thai Fish Restaurant. These are often placed in a new alignment, like a pack of young jostling round the parent, and not, as one might expect, like an orderly file of internal organs. One can speculate about how suitable it is that this architect, so firmly rooted in England, first got asked to build in Japan. Peter Beard, for one, has written about Japanese references in these projects, and toys with calling them Japanese, a tendency the Japanese, by the way, would understand. But there is something high-handed in any appropriation, but architects and anthropologists. One of the strongest, but least specific features of these projects, mentioned by Beard, is the darkness of the interiors. Japanese buildings may be a special set but the absence of openings is only too noticeable there, as if he finds difficulty in puncturing the walls with features.

There are two main aspects to Peter Salter's work and in them, the organic (to name one) since he

As volume, these boat-like structures would choke the space of the wider room, intensifying the experience of eating. The room was to look out across a suburban townscape punctuated and defined by volcanic plugs and sediments.
