Carbon Footprint Best:

Validating a Best Practice Yves Van Nuland, Grace L. Duffy, 2020-07-26 Sharing Best Practices across industries and functions is an accepted approach to continuous improvement The Benchmarking trend of the 1990s has evolved with the help of competitive analysis performance excellence awards and other corporate recognition programs into an ongoing documentation of what works Bob Camp introduced benchmarking against a Best Practice based on his work at Xerox in the 1980s Case studies abound documenting Best Practice functions and processes Some case studies use the words Best Practice without evidence that the process results or methods are indeed superior What is missing is a comprehensive model for assessing and writing a Best Practice that provides sufficient information to use as an effective benchmark This book provides that comprehensive model Today s consumers expect products and services to be of high quality reliable and user friendly This is the result of years of continuous improvement and innovation by producers Although many organizations strive for excellent results there is still room for improvement Unfortunately leaders don t always have methods and tools to measure or assess that degree of excellence If leaders could use a tool to discover how good their approaches and methods are and how excellent their achieved results are they could plan further improvements The goal is to achieve excellent results The tool described in this book guides leaders to achieve that excellence *Nordic Best Practices* Anna

Kortesoja, Marika Bröckl, Håkan Jonsson, Venla Kontiokari, Mikko Halonen, 2018-01-24 The working group on Sustainable Consumption and Production under the Nordic Council of Ministers requested consultants from Gaia to identify and write out best Nordic practice cases of sustainable consumption and production to be shared internationally within the UNEP SCP Clearinghouse This report is the third part of three reports and covers 15 examples of two particular themes on 1 Sustainable Buildings and Constructions 2 Sustainable Food Systems The cases have also been added into the UNEP s 10 Year Framework Program 10YFP information platform the SCP Clearinghouse The objective is to enhance international cooperation in order to accelerate a shift towards sustainable consumption and production in developed and developing countries The SCP Clearinghouse is a web based information sharing tool which can be used as an inspiration for advancing SCP worldwide
