

A black and white photograph of Alfred C. Kinsey, a middle-aged man with dark hair, wearing a dark suit and a bow tie. He is seated at a desk, looking directly at the camera with a serious expression. His hands are resting on a typewriter in front of him. The background is filled with bookshelves packed with books, creating a scholarly or library atmosphere. The lighting is dramatic, with strong highlights and shadows.

Alfred C Kinsey A Public Private Life:

Alfred C. Kinsey: A Life James H. Jones, 2004-11-02 James H Jones reveals in this biography that the public image of disinterested biologist Alfred Kinsey was in fact a carefully crafted persona The Kinsey who emerges in these pages was a social reformer and a zealot who devoted his every waking hour to the destruction of sexual repression **Alfred C. Kinsey** James Howard Jones, 1997 In this brilliant biography of sex researcher Alfred C Kinsey Jones unlocks the long closed archives of the Kinsey Institute to present a moving even shocking portrait of the man who pierced the veil of reticence surrounding human sexuality Here is an incisive portrait that truly separates the myth from the man Shows that the public image of disinterested biologist cultivated by Kinsey was a carefully crafted public persona The Kinsey who emerges here was a social reformer who devoted his every waking hour to the destruction of sexual repression Kinsey s life is much more than the story of a scientist who sparked the cultural debate of our century His odyssey illustrates in microcosm the transition from Victorian to modern times Photos Alfred C. Kinsey James Howard Jones, 2002-12-01 *Tribades, Tommies and Transgressives; History of Sexualities* Sonja Tiernan, 2009-03-26 The annual Lesbian Lives conference has been held in University College Dublin since 1993 The success of the conference held in 2006 entitled Historicising the Lesbian inspired this collection of essays From the dozens of papers delivered the chapters chosen for inclusion in this volume cover a wide period in history from the medieval to the very modern a huge range of subject areas and diverse historical interests The many subjects areas dealt with will allow a widening of our knowledge of lesbian history and encourage more in depth investigation into the many issues raised within *A Conservative History of the American Left* Daniel J. Flynn, 2008-04-29 From Communes to the Clintons Why does Hillary Clinton crusade for government provided health care for every American for the redistribution of wealth and for child rearing to become a collective obligation Why does Al Gore say that it s okay to over represent the dangers of global warming in order to sell Americans on his draconian solutions Why does Michael Moore call religion a device to manipulate gullible Americans Where did these radical ideas come from And how did they enter the mainstream discourse In this groundbreaking and compelling new book Daniel J Flynn uncovers the surprising origins of today s Left The first work of its kind *A Conservative History of the American Left* tells the story of this remarkably resilient extreme movement one that came to America s shores with the earliest settlers Flynn reveals a history that leftists themselves ignore whitewash or obscure Partly the Left s amnesia is convenient Who wouldn t want to forget an ugly history that includes eugenics racism violence and sheer quackery Partly it is self aggrandizing Bold schemes sound much more innovative when you refuse to acknowledge that they have been tried and have failed many times before And partly it is unavoidable The Left is so preoccupied with its triumphal future that it doesn t pause to learn from its past mistakes So it goes that would be revolutionaries have repeatedly failed to recognize the one troubling obstacle to their grandiose visions reality In unfolding this history Flynn presents a page turning narrative filled with colorful fascinating characters

progressives and populists radicals and reformers socialists and SDSers and leftists of every other stripe There is the rags to riches Welsh industrialist who brought his utopian vision to America one in which private property religion and marriage represented the most monstrous evils and gained audiences with the likes of Thomas Jefferson John Adams and James Madison There is the wife swapping Bible thumper who nominated Jesus Christ for president There is the playboy adventurer whose worshipful accounts of Soviet Russia lured many American liberals to Communism There is the daughter of privilege turned violent antiwar activist who lost her life to a bomb she had intended to use against American soldiers There are fanatics and free spirits perverts and puritans entrepreneurs and altruists and many more beyond A Conservative History of the American Left is a gripping chronicle of the radical visionaries who have relentlessly pursued their lofty ambitions to remake society Ultimately Flynn shows the destructiveness that comes from this undying pursuit of dreams that are utterly unattainable

Herbert Huncke Hilary Holladay, 2015-08-01 Often overlooked as a minor player on the fringes of the Beat Generation and largely dismissed by others as a scam artist junkie and hustler Herbert Huncke was in fact a significant writer who served as a mentor and inspiration to such legendary figures as Allen Ginsberg William Burroughs and Jack Kerouac In this biography author Hilary Holladay has given this unsung poet of the streets his due both in terms of his own literary merit and the major role he played in influencing the Beats and many others Detailing Huncke's colorful life from his childhood on a Wyoming rancher's household and his family's move to Chicago to his rebellion as a 12 year old runaway and his subsequent run ins with the law Holladay traces his journeys that subsequently took him to Manhattan where he became a guide to the city's underbelly for those impressionable adventurers seeking the pulse of the city's palpitating literary artistic and musical heart Nominated for a Lambda Literary Prize when first published this work establishes Herbert Huncke in the pantheon of the writers of his generation With revised endnotes and a new index the book confirms Huncke's creative influence from the late 1940s to his death in 1996

Time for a Pure Revolution Doug Herman, 2004 An exciting new angle on purity that gives parents powerful and practical encouragement to motivate their teens to take a stand against the cultural norm Doug Herman explains the challenges teens face challenges of love identity and the influence of character on sexual choices and shows the critical role parents play in creating character and purity within their teens and ultimately igniting a Pure Revolution

How Now Shall We Live? Charles Colson, Nancy Pearcey, 2011-07-14 2000 Gold Medallion Award winner Christianity is more than a personal relationship with Jesus Christ It is also a worldview that not only answers life's basic questions Where did we come from and who are we What has gone wrong with the world What can we do to fix it but also shows us how we should live as a result of those answers How Now Shall We Live gives Christians the understanding the confidence and the tools to confront the world's bankrupt worldviews and to restore and redeem every aspect of contemporary culture family education ethics work law politics science art music

This book will change every Christian who reads it It will change the church in the new millennium **Dishonorable Passions** William N. Eskridge Jr.,2008-05-01 From the Pentagon to the wedding chapel there are few issues more controversial today than gay rights As William Eskridge persuasively demonstrates in Dishonorable Passions there is nothing new about this political and legal obsession The American colonies and the early states prohibited sodomy as the crime against nature but rarely punished such conduct if it took place behind closed doors By the twentieth century America s emerging regulatory state targeted degenerates and later homosexuals The witch hunts of the McCarthy era caught very few Communists but ruined the lives of thousands of homosexuals The nation s sexual revolution of the 1960s fueled a social movement of people seeking repeal of sodomy laws but it was not until the Supreme Court s decision in Lawrence v Texas 2003 that private sex between consenting adults was decriminalized With dramatic stories of both the hunted Walt Whitman and Margaret Mead and the hunters Earl Warren and J Edgar Hoover Dishonorable Passions reveals how American sodomy laws affected the lives of both homosexual and heterosexual Americans Certain to provoke heated debate Dishonorable Passions is a must read for anyone interested in the history of sexuality and its regulation in the United States
