Becoming Whole Brian Fikkert, Kelly M. Kapic, 2019-03-05 Western Civilization is wealthier but it isn't happier We are the richest people ever to walk the face of the earth but according to research we aren't becoming happier Families and communities are increasingly fragmented loneliness is skyrocketing and physical and mental health are on the decline Our unprecedented wealth doesn't seem to be doing us much good Yet when we try to help poor people at home or abroad our implicit assumption is that the goal is to help them to become like us If they would just do things our way they'd be fine But even when they seem to pursue our path they too find that the American Dream doesn't work for them What if we have the wrong idea altogether What if the molds we are using to help poor people don't actually fit any of us What if the goal isn't to turn other countries into the United States or to turn America's impoverished communities into its affluent suburbs In Becoming Whole building on the best selling When Helping Hurts Brian Fikkert and Kelly M Kapic look at the true sources of brokenness and poverty and uncover the surprising pathways to human flourishing for poor and non poor alike Exposing the misconceptions of both Western Civilization and the Western church about the nature of God human beings and the world they redefine success and offer new ways of achieving that success Through biblical insights scientific research and practical experience they show you how the good news of the kingdom of God reshapes our lives and our poverty alleviation ministries moving everybody involved towards wholeness

Becoming Whole Meredith Miller, 2025-09-18 Shocking events have taken place around the world since the start of the COVID campaign in 2020 Many of us never imagined we would see such abuse against our human rights nor did we expect to see how quickly most of the

world would comply with tyranny disguised as public health The same astounding escalation happens to abuse targets in relationships families workplaces and other social systems Abuse doesn't start where it ends And it's always framed as for your own good Becoming Whole is an essential holistic guide for understanding how a psychological neurological and spiritual state of captivity was induced during COVID in order to carry out the crimes against humanity It's also an exploration of where we are now and where we will go both as individuals and as a society if we don't recognize these patterns and make new choices Meredith Miller encourages true empowerment providing tactical and practical ways to not only recognize abuse dynamics but also shift out of the powerlessness of victimhood The liberation of souls from captivity is key for imagining and creating the kind of future where we thrive With Becoming Whole you'll gain new perspectives for understanding our greatest challenges in the 2020s as well as how we can use this opportunity to learn from and integrate the past In doing so we will prevent this burden from being passed on to future generations instead passing forward a legacy of resilience wisdom and strength
