

How to write a book and get it published

1.

Find a strong idea that uses the 5 elements of story ('who, what, why, where and when') to create intrigue.

2.

Create a research document containing information such as facts about characters' professions.

3.

Create a plot outline that gives you an overview of what will happen in your novel and when.

4.

Set a deadline for finishing your novel – one that gives you time to do your story justice.

5.

Revise your novel, clarifying elements such as sentence structure and ambiguous pronouns.

6.

Hire a skilled editor who fully understands the publishing industry and can help polish your book.

7.

Rewrite the first page to hook readers and the last to leave a lingering impression. Make your title stand out by evoking curiosity.

8.

Read through submission guidelines and make sure you craft a confident, to-the-point query letter.

9.

Submit and make sure your query is personalized for the recipient and has a strong hook, 100-200 words outlining the meat of your story.

10.

Keep submitting: don't give up if your manuscript is turned down. Learn from patterns in 'no' responses so you can tweak and improve.
