Michela, Aquilani, Barbara**

5 Edition Sustainable Fashion:

The Sustainable Fashion Quest Nikolay Anguelov, 2021-06-27 When thinking about lowering or changing consumption to lower carbon footprints the obvious offenders come easily to mind petroleum and petroleum products paper and plastic even food but not clothes When people evaluate ways to lower their personal carbon footprint by changing purchasing habits they are bombarded with information to avoid petroleum and petroleum products plastics paper even food but not clothes Most consumers do not think of clothes as a source of environmental damage Yet clothes are made with petroleum products through chemically laden industrial processes that generate significant pollution The fashion industry is among the largest organic water polluters in the world accounting for significant greenhouse gas emissions and generating massive amounts of waste as a function of the frequent discarding of used clothing In the *Dirty Side of the Garment Industry Fast Fashion and Its Negative Impact on Environment and Society* author Nikolay Anguelov exposed the ecological damage from the fast fashion business model In this book *The Sustainable Fashion Quest Innovations in Business and Policy* the author takes this one step further by focusing on solutions This book uses the familiar yet complex industry of fashion as a lens to examine how business pressures and national and international policies can have both positive and negative social and ecological impacts It provides an analysis of extant and emerging policies to address the divergence in the ongoing quest to maximize economic development and minimize the social costs of the industrialization process It also examines emerging technologies and innovative business models that have the potential to revolutionize how fashion is perceived manufactured and consumed This book begins with an introductory letter that outlines the social and environmental issues facing the fashion industry as well as emphasizing the seriousness and urgency of addressing them Each chapter then focuses on a major aspect of the industry with an increasing emphasis on policy The chapters outline the impact of global level and business level decisions on the industry's success its social and environmental impact and its relationship to consumers The goal of the book is to define that transition explain its challenges and educate readers on the possibilities to become powerful drivers of change through their professional actions and their personal behavior as consumers While the book specifically analyzes the fashion industry it also explains the implications for other industrial sectors It uses a product everyone is familiar with we all buy clothes after all to examine the decisions impacts and policies shaping the industry behind the scenes The linkages are applicable to other fast moving consumer goods FMCG business sectors such as consumer electronics which are starting to face sustainability criticism for relying on a business model of promoting a high frequency of repeat purchasing

The Future of Luxury Brands Annamma Joy, 2022-02-07 The concepts of artification and sustainability are now both at the heart of luxury brand marketing strategies artification as an ongoing process of transformation in the world of art and sustainability as an indispensable response to the issues of our times *The Future of Luxury Brands* examines three interrelated luxury marketing segments the art world fashion and fine wines including hospitality services through the dual lenses of sustainability and

artification From safeguarding human and natural resources to upholding labor rights and protecting the environment sustainability has taken center stage in consumer consciousness embodying both moral authority and sound business practices At the same time artification the process by which non art is reconceived as art applies the cachet of art to business affording commercial products the sacred status accorded to works of art When commercial products enter the realm of aesthetic creation artification and consumer engagement inevitably increases This pioneering book examining artification and sustainability as strategic pillars of marketing strategies in the luxury industry will be essential reading for practitioners working in luxury product companies as also students of luxury brand marketing
