BLACK

British Abroad The Grand Tour In The Eighteenth Century

David Kirk

British Abroad The Grand Tour In The Eighteenth Century:

The British Abroad Jeremy Black,1997 Jeremy Black builds up a vivid and often amusing picture of the travel experiences of the aristocracy before the age of mass tourism The British Abroad describes travel experiences and the social customs and traditions of those early tourists **Dr. John Moore, 1729-1802** Henry L. Fulton,2014-12-24 This book is the first

biography of Scottish born physician John Moore Here Henry L Fulton recounts Moore s childhood education and medical training in Glasgow and abroad discusses his marriage family and friendships particularly with Tobias Smollett and depicts his professional practice in the north The narrative uncovers Moore s transformative experience accompanying a young nobleman on the Grand Tour through Europe and provides a detailed account of the journey s highlights and difficulties When Moore returns he moves his family to London to begin a second career in literature and to acquire patronage for his sons professions In this biography Fulton covers not only Moore s publications but also discusses his circle of friends among nobility politicians artists and others Also discussed is Moore s involvement in the French Revolution his correspondence with Robert Burns and his strained family relationships Additionally presented here is new information regarding Moore s finances drawn from archival records in Glasgow and Edinburgh and his bank ledgers in London **Complete Gentlemen**

Richard Ansell,2022-01-06 This is the first study to look beyond the Italian Grand Tour to the wider culture of educational travel that thrived among British and Irish landowners between 1650 and 1750 Based on deep archival research it explores the meanings of continental travel for social mobility elite formation landed identity masculinity and Englishness **The Classical Tradition** Anthony Grafton,Glenn W. Most,Salvatore Settis,2010-10-25 A vast cabinet of curiosities Stephen Greenblatt Eclectic rather than exhaustive less an encyclopedia than a buffet Frederic Raphael Literary Review How do we get from the polis to the police Or from Odysseus s sirens to those of an ambulance The legacy of ancient Greece and Rome is all around us imitated resisted reworked and misunderstood In this beautifully illustrated and encyclopedic compendium a team of leading scholars investigates the afterlife of this rich heritage in the fields of literature philosophy art architecture history politics religion and science From Academy to Zoology Aristotle and the Argonauts to Pegasus and Persia The Classical Tradition looks at facts and adages people places and ideas to reveal how the Classical tradition has shaped human endeavors from government to medicine drama to urban planning legal theory to popular culture At once authoritative and accessible learned and entertaining it illuminates the vitality of these enduring influences Beyond the Grand Tour

Rosemary Sweet,Gerrit Verhoeven,Sarah Goldsmith,2017-02-17 Travel in early modern Europe is frequently represented as synonymous with the institution of the Grand Tour a journey undertaken by elite young males from northern Europe to the centres of the arts and antiquity in Italy Taking a somewhat different perspective this volume builds upon recent research that pushes beyond this narrow orthodoxy and which decentres Italy as the ultimate destination of European travellers Instead it explores a much broader pattern of travel undertaken by people of varied backgrounds and with divergent motives

for travelling By tapping into current reactions against the reification of the Grand Tour as a unique and distinctive practice this volume represents an important contribution to the ongoing process of resituating the Grand Tour as part of a wider context of travel and topographical writing Focusing upon practices of travel in northern and western Europe rather than in Italy particularly in Britain the Low Countries and Germany the essays in this collection highlight how itineraries continually evolved in response to changing political economic and intellectual contexts In so doing the reasons for travel in northern Europe are subjected to a similar level of detailed analysis as has previously only been directed on Italy By doing this the volume demonstrates the variety of travel experiences including the many shorter journeys made for pleasure health education and business undertaken by travellers of varying age and background across the period In this way the volume brings to the fore the experiences of varied categories of traveller from children to businessmen which have traditionally been largely invisible in the historiography of travel

Kinaesthesia and Classical Antiquity 1750-1820 Helen Slaney, 2020-09-03 This book argues that touch and movement played a significant role long overlooked in generating perceptions of ancient material culture in the late 18th century At this time the reception of classical antiquity had been transformed Interactions with material culture ruins sculpture and artefacts formed the core of this transformation Some such interactions were proto archaeological such as the Dilettanti expeditions to Athens and Asa Minor others were touristic seen in the guidebooks consulted by travellers to Rome and the diaries they composed and others creative resulting in novels poetry and dance performances Some involved the reproduction of experience in a gallery or museum setting What all encounters with ancient material culture had in common however is their haptic sensory basis The sense typically associated with the Enlightenment is vision but this has obscured the equally important contribution made by touch and movement to the way in which a newly materialised Graeco Roman world was perceived Kinaesthesia or the sense of self movement is rarely recognised in its own right but because all encounters with sites and objects are embodied and all embodiment takes place in motion this sense is vital to forming more abstract or imaginative impressions Theories of embodied cognition propose that all intellectual processes are also physical This book shows how ideas about classical antiquity in the volatile milieu of the late 18th century developed as a result of diverse kinaesthetic relationships

French Music in Britain 1830-1914 Paul Rodmell, 2020-11-26 French Music in Britain 1830-1914 investigates the presence reception and influence of French art music in Britain between 1830 roughly the arrival of grand opera and opéra comique in London and the outbreak of the First World War Five chronologically ordered chapters investigate key questions such as Where and to whom was French music performed in Britain in the nineteenth century How was this music received especially by journal and newspaper critics and other arbiters of taste What characteristics and qualities did British audiences associate with French music Was the presence and reception of French music in any way influenced by Franco-British political relations or other aspects of cultural transfer and exchange Were British composers influenced by their French contemporaries to any extent

and if so in what ways Placed within the wider social and cultural context of Britain's most ambiguous and beguiling international relationship this volume demonstrates how French music became an increasingly significant part of the British musician's repertory and influenced many composers This is an important resource for musicologists specialising in Nineteenth Century Music Music History and European Music It is also relevant for scholars and researchers of French Studies and Cultural Studies

The Citizen Margaret S Yoon, 2015-09-30 Ann Gomersall's *The Citizen* 1790 is an epistolary novel written over two volumes Gomersall came out of the merchant class in Leeds and little else is known about her but she began writing to raise funds for her merchant husband to re-enter business after he lost his money This is the first modern critical edition of Gomersall's work

Artes Apodemicae and Early Modern Travel Culture, 1550-1700 Karl A.E. Enenkel, Jan L. de Jong, 2019-05-15 This volume explores the early modern manuals on travelling *Artes apodemicae* a new genre of advice literature that originated in the sixteenth century when it became *communis opinio* among intellectuals that travelling was an important means of acquiring knowledge and experience and that an extended tour abroad was a vital if not indispensable part of humanist academic and political education In this volume the formation of this new genre between 1550 and 1700 is studied in its historical social and cultural context Furthermore the volume examines the impact of this new genre on the acquisition and collection of knowledge in the early modern period empirical or otherwise Contributors Justin Stagl Karl Enenkel Jan Papy Thomas Haye Robert Seidel Gabor Gelléri Bernd Roling Harald Hendrix Jan L. de Jong Kerstin Maria Pahl Johanna Luggin Marc Laureys and Justina Spencer

Rip Van Winkle's Republic Andrew Burstein, Nancy Isenberg, 2022-09-28 Two centuries ago native New Yorker Washington Irving exploded onto the literary scene of Europe with the publication of his breakout collection of stories *The Sketch Book of Geoffrey Crayon Gent* Published in England and America in 1819 1820 and universally praised for its inventive characters and soul-searching qualities including the immortal tales *Rip Van Winkle* and *The Legend of Sleepy Hollow* the volume enjoyed remarkable transatlantic success allowing Irving to become the first of his nation to support himself as a professional author In this distinctive collection historians and literary scholars come together to reassess Irving's imaginative world and complex cultural legacy Alternately a satirist and a nostalgia merchant Irving was ever absorbed in reconstituting a lost past which the volume dubs *Rip Van Winkle's Republic* The assembled scholars explore issues of Anglo-American culture the power of imagery race and the treatment of time and history in Irving's vast body of literature as well as his status as a bibliophile an antiquarian and a prominent figure in an age of literary celebrity Edited by acclaimed historians Andrew Burstein and Nancy Isenberg *Rip Van Winkle's Republic* marks a rediscovery of this marvelous author of social satire and fabled tales of the past
