British Politics The Environ1:

British Politics and the Environment John McCormick, 2013-11-05 Britain has an immense range of environmental law and the reputation for largely ignoring it John McCormick describes the fascinating story of the political growth of that law and the pressures that compromise the parliamentary and civil service opportunism that allowed the edifice to grow over the greater part of a century He tells the story of the absolute change in political climate over the last ten years and deciphers the nature of Thatcher's conversion to greenery He explains why everyone who cared about the environment became embattled and above all how the old methods of sensible compromise were banished probably for ever not least because of the government's obsession with secrecy What then are the new political means of compelling change on a reluctant parliament Everything is at stake from welfare to water from forests to fishing Where are we now What are the likely pressures both internal and from Europe and the rest of the world to make Britain pass more environmentally sound laws and perhaps more importantly to observe them McCormick provides a gripping picture of the central issues of the system and of the battleground Originally published in 1991 *The New British Politics* Ian Budge, David McKay, Kenneth Newton, John Bartle, 2013-12-16 *The New British Politics* is one of the most comprehensive and successful introductions to British politics ever published Now available in a fully revised and updated fourth edition this clear lively and authoritative text has an emphasis on law and order and the historical context of British politics Written by internationally known specialists the book combines incisive and original analysis with direct presentation *Central Debates in British Politics* John Benyon, David Denver, Justin Fisher, 2014-09-25 *Central Debates in British Politics* focuses on British politics in a changing social economic and institutional context The book explores issues and debates using a variety of approaches and techniques It is written and edited by a team of leading experts who analyse key issues in a highly structured and thematic manner **International Encyclopedia of Environmental Politics** John Barry, E. Gene Frankland, 2014-02-25 Why care about the environment Is the earth's climate really changing for the worse What are CFCs exactly And who or what is the WTO What are the causes of environmental problems Who are the main actors and what are the main ideas and issues in international environmental politics Which countries have the best worst environmental record and policies The *International Encyclopedia of Environmental Politics* is the essential reference source to enable all those with an interest in the politics of the environment particularly students and academics working within political science to answer these questions and to explore many other related topics in international environmental politics It will be welcomed as an essential teaching resource and a trusty companion to independent study Written by a team of international experts the *Encyclopedia* is vital for fact checking provides authoritative initial orientation to a particular topic or issue and will serve as a solid starting point for wider explanation With over 300 fully cross referenced entries many of which are followed with suggestions for further reading the *Encyclopedia* includes Country and regional entries with country entries giving a concise overview of the history main actors

issues and policies related to its environmental politics Normative and ethical dimensions of environmental politics from animal rights social and global justice to deep ecology Environmental movements organizations struggles and actors from local to international levels Issues in international environmental politics such as global warming biodiversity trade and the environment Prominent individuals historical and current who have inspired or been actively involved in international environmental politics such as Mahatma Gandhi Petra Kelly Vandana Shiva and Aldo Leopold Central topics and issues in environmental politics such as global warming globalization wildlife preservation eco taxes energy production and consumption sustainable development and the World Trade Organisation

Policy Agendas in British Politics P. John, A. Bertelli, W. Jennings, S. Bevan, 2013-07-08 Using a unique dataset spanning fifty years of policy making in Britain this book traces how topics like the economy international affairs and crime have shifted in importance It takes a new approach to agenda setting called focused adaptation and sheds new light on key points of change in British politics such as Thatcherism and New Labour

Social Trust and the Management of Risk George Cvetkovich, 2013-12-16 Social trust is a crucial issue to many aspects of modern society Policy makers continually aspire to winning it and corporations frequently run the risk of losing it The trust deficit raises vital questions and problems to which until recently there have been few answers or solutions Experts from both sides of the Atlantic explore the importance for trust of various influences from individual perceptions to organizational systems and consider the conditions involved in building or undermining trust Several authors examine practical hazard management issues including medical vaccination programmes and popular participation in pollution control and waste management as strategies for enhancing social trust This book provides insightful analysis for researchers and students of environmental and social sciences and is essential reading for those engaged in risk management in both the public and private sectors

Environmental Politics and Policy in Industrialized Countries Uday Desai, 2002 Comparative analyses of environmental policy and politics in seven major industrialized nations

The Greening of British Party Politics Mike Robinson, 1992 This work based on over 60 interviews between 1986 and 1990 with politicians from each of the major British political parties is concerned with an examination of the environmentalism politics interface and how the major parties are responding in real terms to the environmental challenge

British Government and Politics Michael L. Mannin, 2010-01-16 This deeply informed text sets the government and politics of Britain firmly in the context of Britain's enduring membership in the European Union Michael L Mannin thoroughly applies the concept of Europeanization across the political system to explore how far change is a product of Britain's interdependent relationship with the EU He shows how the EU's treaty relationships present new challenges to sovereign states especially Britain whose psyche has long revolved around iconic notions of Parliamentary sovereignty imperial power national independence and an assumed cultural homogeneity Examining the cultural economic and social background to Britain's twenty first century politics Mannin challenges some of the historical myths on which Britain's exceptionalism is founded He then analyzes contemporary political

institutions and processes in the context of Europeanization as well as the impact of the EU on policy and policy making Ideal for courses in British and European politics this book breaks new ground in exploring the complex interdependence that the EU should bring to the study of European political systems *Media, Culture And The Environment* Alison Anderson, 2013-11-19 This book is intended for final year undergraduates and postgraduates in cultural and media studies as well as postgraduate and academic researchers Courses on culture and the media within sociology environmental studies human geography and politics
