British Feminism In The Twentieth Century:

British Feminism in the Twentieth Century Harold L. Smith, 1990 This is an exciting collection that proves once again that feminist activity continued after suffrage was won In a lively series of essays we meet both familiar figures such as Eleanor Rathbone and Vera Brittain as well as the unjustly forgotten who struggled for equal pay greater job opportunities better access to birth control and child benefits in an increasingly hostile political climate Martha Vicinus University of Michigan US [British Feminism in the Twentieth Century](#) Harold L. Smith, 1990 The essays in this thought provoking volume help illuminate both the continuities and conflicts in twentieth century feminism

Women in Twentieth-Century Britain Ina Zweiniger-Bargielowska, 2014-07-30 Women's lives have changed dramatically over the course of the twentieth century reduced fertility and the removal of formal barriers to their participation in education work and public life are just some examples At the same time women are under represented in many areas are paid significantly less than men continue to experience domestic violence and to bear the larger part of the burden in the domestic division of labour Women in 2000 may have many more choices and opportunities than they had a hundred years ago but genuine equality between men and women remains elusive This unique illustrated history discusses a wide range of topics organised into four parts the life course the experience of girlhood marriage and the ageing process the nature of women's work both paid and unpaid consumption culture and transgression and citizenship and the state **Women's Activism in Twentieth-Century Britain**

Paula Bartley, 2022-04-01 This book serves as an introduction to the extraordinary diversity of women's activism Paula Bartley's original research is supported by a range of writing to provide a powerful impression of the actions taken by groups of women from across the social and political spectrum making the book invaluable to both students and interested readers These women set out to make a difference to their locality their country and sometimes the world The story of women's activism embodies stimulating accounts of progress and reversals of commitment and uncertainty of competing rights and challenging wrongs The story of women's activism is not tidy or well ordered It is messy and unorthodox And full of surprises

Women and Citizenship in Britain and Ireland in the 20th Century Esther Breitenbach, Pat Thane, 2010-05-06 The continuing under representation of women in political and public life remains a matter of concern across a wide range of countries including the UK and Ireland Within the UK it is a topical issue as political parties currently debate strategies often controversial which will increase women's representation At the same time devolution has ushered in significant change in the level of women's representation in Scotland and Wales and improved representation for women in Northern Ireland That such increases in women's representation in political institutions have been slow in coming is indisputable given that full enfranchisement of women on equal terms with men was achieved in Ireland in 1921 and in the UK in 1928 *A Companion to Contemporary Britain 1939 - 2000* Paul Addison, Harriet Jones, 2008-04-15 A Companion to Contemporary Britain covers the key themes and debates of 20th century history from the outbreak of the Second World War to the end of the century

Assesses the impact of the Second World War Looks at Britain's role in the wider world including the legacy of Empire Britain's special relationship with the United States and integration with continental Europe Explores cultural issues such as class consciousness immigration and race relations changing gender roles and the impact of the mass media Covers domestic politics and the economy Introduces the varied perspectives dominating historical writing on this period Identifies the key issues which are likely to fuel future debate

Labour's First Century Duncan Tanner, Pat Thane, Nick Tiratsoo, 2000-09-11 The Labour Party's centenary is an appropriate moment to evaluate its performance across the twentieth century and to reflect on why a party which has so many achievements to its credit nonetheless spent so much of the period in opposition Duncan Tanner Pat Thane and Nick Tiratsoo have assembled a team of acknowledged experts who cover a wide range of key issues from economic policy to gender The editors also provide a lucid accessible introduction Labour's First Century covers the most important areas of party policy and practice always placing these in a broader context Taken together these essays challenge those who minimize the party's contribution whilst they also explain why mistakes and weaknesses have occurred Everyone interested in British political history whether supporters or opponents of the Labour Party will need to read Labour's First Century

Gender and Political Identities in Scotland, 1919-1939 Annmarie Hughes, 2010-05-15 This work offers a unique contribution to gender and Scottish history breaking new ground on several fronts there is no history of inter war women in Scotland very little labour or popular political history and virtually nothing published on women the home and family This book is a history of women in the period which integrates class and gender history as well as linking the public and private spheres Using a gendered approach to history it transforms and shifts our knowledge of the Scottish past unearthing the previously unexplored role which women played in inter war socialist politics the General Strike and popular political protest It re evaluates these areas and demonstrates the ways in which gender shaped the experience of class and class struggle Importantly the book also explores the links between the public and private spheres and addresses the concept of masculinity as well as femininity and pays particular reference to domestic violence The strength of the book is the ways in which it illuminates the complex interconnections of culture and economic and social structure Although the research is based on Scottish evidence it also uses material to address key debates in gender history and labour history which have wider relevance and will appeal to gender historians labour historians and social and cultural historians as well as social scientists

Housewives and citizens Caitriona Beaumont, 2016-05-16 After an extremely successful debut in hardback Housewives and citizens is now available in paperback for the first time This book explores the contribution that five conservative voluntary and popular women's organisations made to women's lives and to the campaign for women's rights throughout the period 1928-64 The book challenges existing histories of the women's movement that suggest the movement went into decline during the inter war period only to be revived by the emergence of the Women's Liberation Movement in the late 1960s It is argued that the term women's movement must be revised to allow a broader understanding of female

agency encompassing feminist political religious and conservative women's groups who campaigned to improve the status of women throughout the twentieth century. The book provides a radical re-assessment of this period of women's history and in doing so makes a significant contribution to ongoing debates about the shape and impact of the women's movement in twentieth-century Britain.

Feminist Periodicals and Daily Life Barbara Green, 2017-10-03

This volume uncovers the ideas concerning everyday life circulating in the burgeoning feminist periodical culture of Britain in the early twentieth century. Barbara Green explores the ways in which the feminist press used its correspondence columns, women's pages, fashion columns, and short fictions to display the quiet hum of everyday life that provided the backdrop to the more dramatic events of feminist activism such as street marches or protests. Positioning itself at the interface of periodical studies and everyday life studies, *Feminist Periodicals and Daily Life* illuminates the more elusive aspects of the periodical archive through a study of those periodical forms that are particularly well suited to conveying the mundane. Feminist journalists such as Rebecca West, Teresa Billington Greig, E. M. Delafield, and Emmeline Pethick Lawrence provided new ways of conceptualizing the significance of domestic life and imagining new possibilities for daily routines.
