Britain, Israel and Anglo-Jewry 1949-57 Natan Aridan, 2004-08-02 This book focuses on the bilateral and multilateral relations between Britain the former proprietor and Israel the successor state during the period following their armed clash in January 1949 to Israel's withdrawal from the Gaza and the Sinai in March 1957 It highlights the formulation of foreign policy decisions in Britain and Israel Britain's special responsibility and influence which affected Israel's relations with neighbouring Arab states Israel's complex policy towards Britain Anglo Jewry's attitude towards Israel and the distinctive relationship between Israel's embassy in London and the Jewish community

The 1956 Suez War and the New World Order in the Middle East Yagil Henkin, 2015-10-22 The 1956 Suez War fought between Egypt and the improbable coalition of Britain France and Israel was a key point in the history of the Middle East and the Arab Israeli conflict A blitzkrieg style Israeli victory proved that Israel's victory in the 1948 war was not an accident to be swiftly fixed by Arab armies and gave the country eleven years of relative peace until the next major conflict An Anglo French blunder marked the decline of British and French influence in the Middle East to be replaced by Soviet and US involvement Egyptian defiance of the great powers of the past marked the high point of Arab nationalism Despite the importance of the Suez conflict almost no comprehensive military history of it exists This book changes this by presenting a clear comprehensive narrative of the conflict with a special emphasis on the military decisions and the short and long term results of the conflict both tactical and strategic military and political

India's Partition Devendra Panigrahi, 2004-08-19 Based on new source material available in both England and India India's Partition examines the partition in the context of the retreat of the British Empire The freeing of India from British rule was the result of internal forces in both countries while the split of the subcontinent along religious lines served as a harbinger for things to come Panigrahi argues that partition was not a foregone conclusion and was not the favoured option for most of the main parties but rather was the result of a unique set of circumstances An erudite exploration of the highly complex relations between India and Britain leading up to independence and the split India's Partition looks at the leaders who made far reaching decisions and their motivations during this critical time
