British Establishment Perspectives On France 1936 194:

British Establishment Perspectives on France, 1936-40 Michael L. Dockrill, 1999-04-12 This book analyses British official reactions to the apparent decline of France politically socially and economically in the three years before the outbreak of war in Europe The book is based on public and private archival sources and on the memoirs and biographies of leading British figures and describes the British Government's efforts to cope with the desperate strategic situation created by its own military weakness and the malaise of the Third Republic its own potential great power ally in a war with the Axis powers

Anglo-French Relations in the Twentieth Century Alan Sharp, Glyn Stone, Professor Glyn A Stone, 2002-03-11 *Anglo French Relations in the Twentieth Century* is a collection of studies on the key episodes of the difficult and often discordant Anglo French exchange over the past century The authors critically re evaluate the role of Spain in Anglo French relations up to 1918 the missed opportunity of the 1920s with the failure of France and Britain to find sufficient common ground and co operation the short lived Anglo French alliance and the Second World War the degree of Anglo French Imperial co operation the Suez Crisis British and French policies on European Integration

Spying on the Reich R. T. Howard, 2022-12-28 Exactly a century ago intelligence agencies across Europe first became aware of a fanatical German nationalist whose political party was rapidly gathering momentum His name was Adolf Hitler From 1933 these spy services watched with growing alarm as they tried to determine what sort of threat Hitler's regime would now pose to the rest of Europe Would Germany rearm either covertly or in open defiance of the outside world Would Hitler turn his attention eastwards or did he also pose a threat to the west What were the feelings and attitudes of ordinary Germans towards their own regime as well as the outside world Despite intense rivalry and mistrust between them these spy chiefs began to liaise and close ranks against Nazi Germany At the heart of this loose informal network were the British and French intelligence services alongside the Poles and Czechs Some other countries Holland Belgium and the United States stood at the periphery Drawing on a wide range of previously unpublished British French German Danish and Czech archival sources *Spying on the Reich* tells the story of Germany and its rearmament in the 1920s and 1930s its relations with foreign governments and their intelligence services and the relations and rivalries between Western governments seen through the prism of the cooperation or lack of it between their spy agencies Along the way it addresses some of the most intriguing questions that still perplex historians of the period such as how and why Britain defended Poland in September 1939 and what alternative policies could have been pursued

American Book Publishing Record Cumulative 1998 R R Bowker Publishing, 1999-03 **British Establishment Perspectives on France, 1936-40** Michael L. Dockrill, 1999 This book analyses British official reactions to the apparent decline of France politically socially and economically in the three years before the outbreak of war in Europe The book is based on public and private archival sources and on the memoirs and biographies of leading British figures and describes the British Government's efforts to cope with the desperate strategic situation created by its own military

weakness and the malaise of the Third Republic its own potential great power ally in a war with the Axis powers Arts & Humanities Citation Index ,2001 Mineral Springs Resorts in Global Perspective John K. Walton,2016-04-08 Spa resorts were a favoured destination for affluent seekers after health and comfortable leisure in opulent surroundings from the seventeenth to the twentieth century although in the railway age they began to suffer from competition from new fashions in leisure and tourism especially the seaside holiday During their heyday the leading spa resorts became hotbeds of political and diplomatic intrigue and gathering points for high society As such they also became important businesses and distinctive carefully managed urban environments Taking the waters at a mineral springs resort fell into eclipse over much of the Western world in the mid twentieth century only to revive in more diffuse guise as health and wellness tourism in the new millennium This book examines an important body of practices and experiences from the perspectives of health pleasure conspicuous consumption and display urban governance culture and politics across a quarter of a millennium drawing its examples not only from the British Isles France Spain and Central Europe but also from the United States and Australia An international team of distinguished historians puts this neglected theme back on the historical map at a time when spas and their treatments have never been so popular and visible in contemporary society This book was published as a special issue of the Journal of Tourism History **Book Review Index** ,2001 Every 3rd issue is a quarterly cumulation Stalin and the Inevitable War, 1936-1941 Silvio Pons,2002-09-30 This is a study of the responses of the Soviet Union to the European crises which led to World War II It is based on a substantial body of political and diplomatic documents that has become accessible to scholars since the opening up of former Soviet archives in 1992 International Law in Historical Perspective J. H. W. Verzijl,1973

The book delves into British Establishment Perspectives On France 1936 194.
