Battling Wall Street The Kennedy Presidency Paperback:

Battling Wall Street Donald Gibson, 1994 In this intriguing and penetrating analysis Don Gibson does not simply replay the standard commentaries on the Kennedy presidency many of which are ill informed even if well meaning Gibson looks at what JFK himself said wrote and did contrasting that with the words and actions of his enemies the Wall Street Journal Fortune magazine and the corporate and banking magnates themselves who as this book shows truly despised the President

The Radical Right and the Murder of John F. Kennedy Harrison E. Livingstone, 2004 The Radical Right and the Murder of John F Kennedy Stunning Evidence in the Assassination of the President Harrison E Livingstone s major new book the fifth of his works on the death of JFK brings together for the first time all of the central evidence demonstrating a domestic Right Wing conspiracy rooted in Texas which assassinated the President on November 22 1963 The book represents forty years of work The book discusses in great detail the actual medical evidence and the forgery of the autopsy photographs and X rays which Mr Livingstone first exposed the alteration of the autopsy report the framing of the designated patsy Lee Harvey Oswald and the substitution and fabrication of every single piece of evidence It discusses the role played in the murder by some of the most powerful men in the country Lyndon Johnson J Edgar Hoover and Richard Nixon as well as the rich oil men and companies who backed them It then describes the cover ups by the media the major investigations over the years the FBI and the mind control cooperation at work in the case to misdirect researchers and the public The book describes in great detail the people and companies in Texas who planned and carried out the assassination It names names One recent investigation in the 90s followed Mr Livingstone s preceeding work and reinvestigated with the witnesses both he and the official investigations had talked to but this time took into consideration their documentation and what they had actually said and in a chapter this is his stunning new evidence from the U S government under President Clinton that is blowing the lid off the case Mr Livingstone first revealed to the Washington press corps in 1998 that there has been such a secret investigation and spoke for fifty minutes when the Assassination Records Review Board gave their final press conference As a result Mr Livingstone was on all major TV networks and on the Today show NBC with Katie Couric the next morning The book also contains the story of Dallas doctor Charles Crenshaw s law suit and the depositions of the editor and writer of the Journal of American Medical Association who libeled him in articles in 1992 Dr Crenshaw s book about trying to save Kennedy at Parkland Hospital shortly after the shooting came out on the same day as Mr Livingstone s major work on the medical evidence High Treason 2 were JAMA s targets and the depositions contain much discussion of Mr Livingstone s major impact on the JFK case This new book is to be followed closely by a sixth book entirely about the Zapruder film called The Hoax of the Century Decoding the Forgery of the Zapruder Film

Crossfire Jim Marrs, 2013-10-22 What really happened in Dallas on November 22 1963 Was the assassination of John F Kennedy simply the work of a warped solitary young man or was something more nefarious afoot Pulling together a wealth of evidence including rare photos documents

and interviews veteran Texas journalist Jim Marrs reveals the truth about that fateful day Thoroughly revised and updated with the latest findings about the assassination Crossfire is the most comprehensive convincing explanation of how why and by whom our thirty fifth president was killed *All the Presidents' Bankers* Nomi Prins,2014-04-08 A groundbreaking narrative of how an elite group of men transformed the American economy and government dictated foreign and domestic policy and shaped world history Culled from original presidential archival documents All the Presidents Bankers delivers an explosive account of the hundred year interdependence between the White House and Wall Street that transcends a simple analysis of money driving politics or greed driving bankers Nomi Prins ushers us into the intimate world of exclusive clubs vacation spots and Ivy League universities that binds presidents and financiers She unravels the multi generational blood intermarriage and prot relationships that have confined national influence to a privileged cluster of people These families and individuals recycle their power through elected office and private channels in Washington DC From the Panic of 1907 to the financial crisis of 2008 this unprecedented history of American power illuminates how the same financiers retained their authoritative position through history swaying presidents regardless of party affiliation All the Presidents Bankers explores the alarming global repercussions of a system lacking barriers between public office and private power Prins leaves us with an ominous choice either we break the alliances of the power elite or they will break us **Exodus From Empire** Terrence E. Paupp,2006-11-20 This book lays out a comprehensive vision for a new world order based on cooperation between the developing world and leading Left countries in Latin America Arguing that the ravages of corporate capitalism are unsustainable Terrence E Paupp presents an energetic critique of the problems of empire and looks ahead to a global countermovement against the IMF and US hegemony The Fourth Branch Michael L. Rees,2008 I have come to the conclusion that our national government has gotten itself infested with an unknown but large number of people who do not have the best interests of the people the country or the planet as a whole at heart Instead they are some combination of totally unproductive or wasteful in the extreme or corrupt or criminal which includes those who have no concept of right or wrong and those who appear to be pursuing goals harmful to the country and to the individual citizen Unfortunately it seems likely that more than a few such people have inserted themselves into positions of power Worse they have assisted others of their kind into supporting positions of power so that it seems very hard to root them out It s a simple book one that I hope doesn t take you too long to read YouOve read enough already to form some idea of whether you might agree with this conclusion If not skip it Do something that seems more interesting to you But if you think there might be something to this read on I will briefly discuss some events and portions of the US government that I think illustrate the likelihood of what I described in paragraphs one and two above being true Chapter Two outlines a proposed solution for this dilemma facing all of us How can we keep our government efficient inexpensive and honest Can anything be done about it I take the position that the answer to that question is yes *The Frog Is Cooked* Henry Kroll,2008-02-20 There is no available information at

this time *Michigan Journal of Political Science* ,1996 **The Fourth Decade** ,1993 *Communication, Power, and Media* Donald Gibson,2004 The communication potential of contemporary mass media is immense It can communicate with us about the entire world and it can stimulate and inspire us with entertainment The realisation of this potential has been frustrated by interrelated networks of people who have controlled major media over the last century Those interests see media as a means to control and manipulate people rather than as a means to inform and inspire people The approach in this book moves beyond the abstractions and systems approaches often used in criticisms of media to an analysis focused on the concrete groups that dominate media These groups do constitute a system but one that must be understood in its terms of all of its historical features economic political and social
