Toward a Culture of Freedom Thorwald Lorenzen, 2008-03-01 The Ten Commandments belong to the classics of Western culture They are an authoritative part of the Hebrew and the Christian Scriptures Since they come to us from an ancient past it is both necessary and worthwhile to inquire what they may mean for us today Thorwald Lorenzen contends it is important to hear God's invitation to an alternative lifestyle you shall not kill you shall not commit adultery you shall not covet His thoughtful reflections on the commandments for today's tumultuous world begin with the God who speaks ten word to liberate God's people from oppression Grounded in God's liberating yes the ten words are neither laws nor rules They are elements for a culture of freedom in which people are invited to celebrate life

D. Irving,2020-10-13 A contribution to the end of the Church knowing itself as the body of Christ Irving articulates a theology of the Church as that which participates in all that Jesus is in his vicarious humanity by the power of the Spirit This is developed through a dialogical or covenantal frame that has its focal point in Christ in whom the faithful love of God toward creation and the faithful love of creation toward God is actualized The Church as the body of Christ participates in the mediatorial

work of Jesus Christ Each chapter explores a different element of this participatory ecclesiology This book offers a constructive ecclesiology built from the ground up on the foundation of a dialogical perspective which has participation in Christ as its controlling center This foundation provides the basis upon which an exhilarating vision of the Church can be built to encourage Christians to cherish the Church as the body of Christ which participates in the triune communion through being included into the Son by the power of the Spirit and comes to reflect the triune God in its own structures The Freedom of God James Daryn Henry, 2018-05-30 The Freedom of God wrangles with the unfolding legacy of Christian theologian Robert Jenson and presents the first in depth study of his teaching on the Holy Spirit It is a specialist monograph that will entice those with interest in academic theology systematics and twentieth and twenty first century Christian thought especially the post Barthian historicist electionism and the post Rahnerian immanent and economic trinitarian project conversations Devoted readers of the works of Robert Jenson scholars of pneumatology third article theology or pentecostal renewal movements practitioners of liberation theology and supporters of ecumenical theology will all be particularly gripped by the analysis developed in this work As a text the Freedom of God could find a home in graduate seminars seminary classrooms and in classes for advanced undergraduates for those studying Jenson as a way into systematic theology and contemporary Christian thought or in any thematic doctrinal courses on the Holy Spirit or the Trinity
