Third Series* Library of Congress. Copyright Office, 1972 **Leghorn World**, 1920 #MeToo Lisa M. Corrigan, 2021-12-21 This edited collection on MeToo activism challenges the overwhelming whiteness and straightness of MeToo discourse and coverage Using intersectional and decolonial frameworks and historical archival organizational and legal methods these essays offer a rich exploration of MeToo to understand how activism around sexualized violence reproduce and harm a wide variety of people The swift and powerful arrival of MeToo as a compilation of complaints about sexual misconduct especially in the workplace has created pressure to dive deeper into the history of sexual assault and abuse in the United States MeToo A Rhetorical Zeitgeist answers the call for more complicated analyses of systemic sexual harassment and abuse with essays that are deeply concerned with the whiteness and

heterosexuality of MeToo coverage and media framing to understand how and why MeToo began to capture the public's attention in 2017 against the backdrop of Donald J. Trump's presidential administration. These essays offer the first comprehensive study of the rhetorical politics of MeToo. They tackle the complexities of sexual harassment, sexual violence, and rape beyond white celebrity discourse to understand how both violence and MeToo activism affect transgender people, how MeToo fails Black male victims of assault and rape, how Indian American masculinity and comedy skirt sexual accountability, how the legal and affective precedent in the Supreme Court during the Kavanaugh hearings amplified concerns about sexual assault and rape, decolonial approaches to resisting sexualized violence from indigenous peoples, and narratives about assault from within the higher education community.
