Bataille Klossowski Blanchot Writing At The Limit:

Bataille, Klossowski, Blanchot Leslie Hill, 2001 Examining the work of Georges Bataille Pierre Klossowski and Maurice Blanchot together for the first time this pioneering study explores their response to a double challenge that of assuming the burden of philosophy while at the same time affirming the shadows spirits and specters that go under the name of literature

Bataille, Klossowski, Blanchot Leslie Hill, 2001 This study explores the response of Bataille Klossowski and Blanchot to a double challenge that of assuming the burden of philosophy while at the same time affirming the shadows spirits and spectres that go under the name of literature

After Bataille Patrick Ffrench, 2017-07-05 Author of the obscene narrative *Story of the Eye* and of works of heretical philosophy such as *Inner Experience* Georges Bataille 1897 1962 is one of the most powerful and secretly influential French thinkers of the last century His work is driven by a compulsion to communicate an experience which exceeds the limits of communicative exchange and also constitutes a sustained focus on the nature of this compulsion After Bataille takes this sense of compulsion as its motive and traces it across different figures in Bataille's thought from an obsession with the thematics and the event of sacrifice through the exposure of being and of the subject to the necessary relation to others in friendship and in community In each of these instances After Bataille is distinctive in staging a series of encounters between Bataille his contemporaries and critics and theorists who extend or engage with his legacy It thus offers a vital account of the place of Bataille in contemporary thought

Maurice Blanchot and Fragmentary Writing Leslie Hill, 2012-07-05 Writing in fragments is often held to be one of the most distinctive signature effects of Romantic modern and postmodern literature But what is the fragment and what may be said to be its literary philosophical and political significance Few writers have explored these questions with such probing radicality and rigorous tenacity as the French writer and thinker Maurice Blanchot For the first time in any language this book explores in detail Blanchot's own writing in fragments in order to understand the stakes of the fragmentary within philosophical and literary modernity It attends in detail to each of Blanchot's fragmentary works *Awaiting Forgetting The Step Not Beyond* and *The Writing of the Disaster* and reconstructs Blanchot's radical critical engagement with the philosophical and literary tradition in particular with Hegel Nietzsche Heidegger Heraclitus Levinas Derrida Nancy Mallarmé Char and others and assesses Blanchot's account of politics Jewish thought and the Shoah with a view to understanding the stakes of fragmentary writing in Blanchot and within philosophical and literary modernity in general

Nancy, Blanchot Leslie Hill, 2018-09-30 The concept of community is one of the most frequently used and abused of recent philosophical or socio-political concepts In the 1980s faced with the imminent collapse of communism and the unchecked supremacy of free market capitalism the philosopher Jean-Luc Nancy in *The Inoperative Community* and the writer Maurice Blanchot in *The Unavowable Community* both thought it essential to rethink the fundamental basis of community as such More recently Nancy has renewed the debate by unexpectedly attacking Blanchot's account of community claiming that it embodies a dangerously nostalgic desire

for mythic and religious communion This book examines the history and implications of this controversy It analyses in forensic detail Nancy's and Blanchot's contrasting interpretations of German Romanticism and the work of Heidegger Bataille and Marguerite Duras and examines closely their divergent approaches to the contradictory legacy of Christianity At a time when politics are increasingly inseparable from a deep seated sense of crisis it provides an incisive account of what in the concept of community is thought yet crucially still remains unthought

Understanding Blanchot, Understanding Modernism Christopher Langlois, 2018-06-14 Maurice Blanchot occupies a central though still overlooked position in the Anglo American reception of 20th century continental philosophy and literary criticism On the one hand his rigorous yet always playful exchanges with the most challenging figures of the philosophical and literary canons of modernity have led thinkers such as Georges Bataille Emmanuel Levinas Jacques Derrida and Michel Foucault to acknowledge Blanchot as a major influence on the development of literary and philosophical culture after World War II On the other hand Blanchot's reputation for frustrating readers with his difficult style of thought and writing has resulted in a missed opportunity for leveraging Blanchot in advancing the most essential discussions and debates going on today in the comparative study of literature philosophy politics history ethics and art Blanchot's voice is simply too profound too erudite and too illuminating of what is at stake at the intersections of these disciplines not to be exercising more of an influence than it has in only a minority of intellectual circles

Understanding Blanchot Understanding Modernism brings together an international cast of leading and emergent scholars in making the case for precisely what contemporary modernist studies stands to gain from close inspection of Blanchot's provocative post war writings

Transcendence Regina Schwartz, 2007-11-13 In *Transcendence* thinkers from John Milbank Graham Ward and Kevin Hart to Thomas Carlson Slavoj Žižek and Jean-Luc Marion have come together to create the definitive analysis of this key concept in modern theological and philosophical thought

Oscar Wilde and the Simulacrum Giles Whiteley, 2017-07-05 Oscar Wilde is more than a name more than an author From precocious Oxford undergraduate to cause célèbre of the West End of the 1890s to infamous criminal the proper name Wilde has become an event in the history of literature and culture Taking Wilde seriously as a philosopher in his own right Whiteley's groundbreaking book places his texts into their philosophical context in order to show how Wilde broke from his peers and in particular from idealism and challenges recent neo historicist readings of Wilde which seem content to limit his irruptive power Using the paradoxical concept of the simulacrum to resituate Wilde's work in relation to both his precursors and his contemporaries Whiteley's study reads Wilde through Deleuze and postmodern philosophical commentary on the simulacrum In a series of striking juxtapositions Whiteley challenges us to rethink both Oscar Wilde's aesthetics and his philosophy to take seriously both the man and the mask His philosophy of masks is revealed to figure a truth of a different kind the simulacra through which Wilde begins to develop and formulate a mature philosophy that constitutes an ethics of joy

The Facts on File Companion to the French Novel Karen L. Taylor, 2006 French novels such as *Madame Bovary* and *The*

Stranger are staples of high school and college literature courses This work provides coverage of the French novel since its origins in the 16th century with an emphasis on novels most commonly studied in high school and college courses in world literature and in French culture and civilization *Literature, Ethics, and Decolonization in Postwar France* Daniel Just, 2015-02-09 Against the background of intellectual and political debates in France during the 1950s and 1960s Daniel Just examines literary narratives and works of literary criticism arguing that these texts are more politically engaged than they may initially appear As writings by Roland Barthes Maurice Blanchot Albert Camus and Marguerite Duras show seemingly disengaged literary principles such as blankness minimalism silence and indeterminateness can be deployed to a number of potent political and ethical ends At the time the main focus of this activism was the escalation of violence in colonial Algeria The poetics formulated by these writers suggests that blankness weakness and withdrawal from action are not symptoms of impotence and political escapism in the face of historical events but deliberate literary strategies aimed to neutralize the drive to dominate others that characterized the colonial project
