has emerged that inspires the world as it defends the principle that states and peoples have the right to their national sovereignty *Battleground* Terry A. Adams,2013-10-01 Hanna Bassiano formerly known as Lady Hana ril Koroth of D neera was like all the people of the planet D neera a telepath Mutated from true human stock the D neerans had claimed a world of their own to escape persecution and started a flourishing civilization there Now accepted by true humans some like Hanna had ventured out into the wider universe using their talents to the benefit of all Hanna herself had become humanity s expert in first contact with other sentient races And though her very first mission had nearly ended in her death and could have resulted in a devastating interstellar war both Hanna and humanity had survived Several additional contacts had seen her firmly established as the person to spearhead this new first contact mission She and her handpicked team were now aboard alien contact ship Endeavor Three following a centuries cold trail to a distant world that had sent its own expedition to the human colony world New Earth two hundred years ago Long before Endeavor reached the planet they came to know as Battleground Hanna began to explore the starways with her mind seeking contact with this legendary race But when at last she managed to touch the minds she sought Hanna could scarcely believe what she had found a race that seemed to exist only to fight to breed and to die How could they survive for all these years How had they come to be like this And how would they respond to a peaceful expedition of humans arriving on their world This brand new science fiction novel follows The D neeran Factor an omnibus of Sentience and The Master of Chaos and continues the adventures of Hanna Bassiano human telepath and first contact specialist aboard the spaceship Endeavor *Battleground Sussex* John Grehan,2012-03-19 From its south eastern tip Sussex is little more than sixty miles from continental Europe and the countys coastline some seventy six miles long occupies a large part of Britains southern frontier Before the days of Macadam and the Turnpike water travel could prove more certain than land transportation and the seas that define the borders of our nation aided rather than deterred the invader Though the last successful invasion of Britain took place almost 1 000 years ago the gently shelving beaches of Sussex have tempted the prospective invader with the promise of both an easy disembarkation and a short and direct route to London the last time being just seven decades ago As the authors demonstrate the repeated threat of invasion from the Continent has shaped the very landscape of the county The rounded tops of the Iron Age hill forts the sheer walls of the medieval castles the squat stumps of Martello towers the moulded Vaubanesque contours of the Palmerstone redoubts and the crouched concrete blocks and bricks of the Second World War pillboxes constitute the visible evidence of Sussexs position on Britains front line **Beyond the Battleground** Tom Bisio,2016-05-17 Drawing on ideas from classical military strategy the Yijing Book of Changes and Chinese martial arts theory Tom Bisio presents a fascinating exploration of how insights from these sources can be deployed to manage crisis situations in all aspects of our daily lives Suggesting approaches for cultivating a strategic mindset that can be applied to one s relationships work and personal self fulfillment Beyond the Battleground offers methods of adapting to circumstances conserving one s own resources and avoiding or
