Lyrics Sting,2009-07-16 From the first Police album *Outlandos D Amour* through *Sacred Love* here are the collected lyrics written by Sting along with his commentary Publishing my lyrics separately from their musical accompaniment is something that I ve studiously avoided until now The two lyrics and music have always been mutually dependent in much the same way as a mannequin and a set of clothes are dependent on each other separate them and what remains is a naked dummy and a pile of cloth Nevertheless the exercise has been an interesting one seeing perhaps for the first time how successfully the lyrics survive on their own and inviting the question as to whether song lyrics are in fact poetry or something else entirely And while I ve never seriously described myself as a poet the book in your hands devoid as it is of any musical notation looks suspiciously like a book of poems So it seems I am entering with some trepidation the unadorned realm of the poet I have set out my compositions in the sequence they were written and provided a little background when I thought it might be illuminating My wares have neither been sorted nor dressed in clothes that do not belong to them indeed they have been shorn of the very garments that gave them their shape in the first place No doubt some of them will perish in the cold cruelty of this new environment and yet others may prove more resilient and become perhaps more beautiful in their naked state I can t predict the outcome but I have taken this risk knowingly and while no one in their right mind should ever attempt to set *The Waste Land* to music in the hopeful words of T S Eliot These fragments I have shored against my ruins

are explored and exploited in space Undisclosed Location Max Sinclair,2023-08-03 Mitchell Roth is one of America's top hedge fund managers. Unfortunately, he's about to walk into a trap that will make him one of America's most wanted. The accusation of insider trading sticks like glue, but he's the only one that knows the truth. Mitchell needs to act fast. If he doesn't, his financial empire will collapse. Against all odds, he must flee the US with an unlikely ally: a condemned man with a death wish. From Florida's coasts to the European Alps, the saga unfolds in spectacular fashion. A dark side of Mitchell emerges that, if not kept in check, will stop at nothing to prove his innocence. Decades of market experience become financial weapons of mass destruction. But before unleashing his fury, he hires the man who's hot on his trail. Detective Johnson becomes his enforcer, his savior, his executioner. When together they discover the government's invisible hand moving the strings, it's kill or be killed. If they're not careful, the consequences could be deadly. Many might die if they don't succeed. Their only hope for redemption could come at the cost of their lives. They only have one shot at this. Will they survive?
