were thirteenth in the old Second Division five points above the relegation places and straying dangerously close to establishing a permanent place for themselves among football's nowhere men. Within five years Brian Clough had turned an unfashionable and depressed club into the kings of Europe beating everyone in their way and knocking Liverpool off their perch long before Sir Alex Ferguson and Manchester United had the same idea. This is the story of the epic five year journey that saw Forest complete a real football miracle and Clough brilliantly restore his reputation after his infamous 44 day spell at Leeds. United Forest won the First Division championship two League Cups and back to back European Cups and they did it incredibly with five of the players Clough inherited at a club that was trying to avoid relegation to the third tier of English football. *I Believe In Miracles* accompanies the critically acclaimed documentary and DVD of the same name. Based on exclusive interviews with virtually every member of the Forest team it covers the greatest period in Clough's extraordinary life and brings together the stories of the unlikely assortment of free transfers, bargain buys, rogues, misfits and exceptionally gifted footballers who came together under the most charismatic manager there has ever been. Football Management S. Bridgewater, 2016-04-30 Football Managers have to deal with a number of unique pressures yet the challenges of the football manager are similar to those of managers in other sectors. This book examines the management of football and looks at ways that managers and leaders in other industries can use tools and techniques from the sporting world within their own sector.

The Boys of '93 Eamonn Coleman, Maria McCourt, 2018-09-04 In 2002 almost a decade after he became the first man to lead Derry's footballers to All Ireland success and in the most unlikely of moves for the cagey Ballymaguigan bricklayer Eamonn Coleman sat down with a journalist and told his story. That that journalist was his niece and goddaughter gave the infamously secretive Coleman the time and space to relive the white hot battles of Ulster football in the early 90s from Casement to Clones with the boys of 93 and their triumphant march to Croker to claim Sam the ultimate prize. Over a period of months then years and in that unique South Derry brogue he recalls those guts and glory days, the professional triumphs and personal disasters, not least his sacking just a year after seeing his beloved boys crowned All Ireland kings. That was personal. In this compelling posthumous memoir the charismatic Coleman pays homage to the halcyon days of Ulster football and to the men who made them McEniff and McGrath and the influence of legends such as Heffernan and McKeever. At the root of his story though remains his golden philosophy: the players are the men. *Fitter, Faster, Funnier Olympics* Michael Cox, 2013-01-31 From unbelievable tales of triumph with all the shocking bits left in to incredible facts about Olympic athletes this is an aspirational, informative, interactive and hilarious guide to the Olympics: what they're all about and what made them what they are today. Packed with funny illustrations, inspirational ideas and amazing activities this is a brilliant guide to the Olympics past and present. *The Big Matches* Brian Moore, Martin Tyler, 1980
