Articulating The Global And The Local Ann Cvetkovich, 1996-12-24 This book explores how discourses of the local the particular the everyday and the situated are being transformed by new discourses of globalization and transnationalism as used both by government and business and in critical academic discourse Unlike other studies that have focused on the politics and economics of globalization *Articulating the Global and the Local* highlights the importance of culture and provides models for a cultural studies that addresses globalization and the dialectic of local and global forces Arguing for the inseparability of global and local analysis the book demonstrates how global forces enter into local situations and how in turn global relations are articulated through local events identities and cultures It includes studies of a wide range of cultural forms sports poetry pedagogy ecology dance cities and democracy *Articulating the Global and the Local* makes the ambitious claim that the category of the local transforms the debate about globalization by redefining what counts as global culture Central to the essays are the new global and translocal cultures and identities created by the diasporic processes of colonialism and decolonization The essays explore a variety of local national and transnational contexts with particular attention to race ethnicity gender and sexuality as categories that force us to rethink globalization itself

Articulating the Global and the Local Ann Cvetkovich, Douglas Kellner, 2019-08-28 This book explores how discourses of the local the particular the everyday and the situated are being transformed by new discourses of globalization and transnationalism as used both by government and business and in critical academic discourse Unlike other studies that have focused on the politics and economics of globalization *Articulating*

Globalization and Europe Roland Axtmann, 1998-10-01 As the new millennium approaches we realise that we live in a truly global world of dense and ever increasing inter and transnational economic political and cultural interdependence Yet globalization is a contradictory process Processes of global integration and interdependence are unfolding together with processes of fragmentation and regionalization Disintegration and fragmentation of political economic and cultural structures that spur local and regional

conflicts and dislocations are counter balanced by moves towards unification integration and co operation The empirical analysis of these processes and the emergent local regional and global structures will become the main challenge to the social sciences in the years to come This book offers a contribution to this task Its main focus is the question as to how the state in Europe has been implicated in and affected by globalization It places the interactions between globalization and the European state in a historical perspective going back to the age of discovery and the formation of the modern state yet it also addresses the complexities and uncertainties of the current age Distinguished scholars from political science international relations sociology philosophy and history all of whom have been specially commissioned to write a contribution for this book approach the unfolding dynamics of this age of transition from a multidisciplinary perspective **Globalization** John Beynon,David Dunkerley,2000 First Published in 2001 Routledge is an imprint of Taylor Francis an informa company **The Palgrave Handbook of Globalization and Sport** Joseph Maguire,Katie Liston,Mark Falcous,2021-11-20 This handbook illustrates the utility of global sport as a lens through which to disentangle the interconnected political economic cultural and social patterns that shape our lives Drawing on multidisciplinary perspectives it is organized into three parts The first part outlines theoretical and conceptual insights from global sport scholarship from the conceptualization and development of globalization theories transnationalism and transnational capital through to mediasport roving coloniality and neoliberal doctrine The second part illustrates the varied flows within global sport and the ways in which these flows are contested across physical cultures sport forms identities ideologies media and economic capital Diverse topics and cases are covered such as sport business and the global sport industry financial fair play and global mediasport Finally the third part explores various aspects of global sport development and governance incorporating insights from work in the Global South Across all of these contributions varied approaches are taken to examine the power of sport trope generating a thought provoking dialogue for the reader Featuring an accomplished roster of contributors and wide ranging coverage of key issues and debates this handbook will serve as an indispensable resource for scholars and students of contemporary sports studies

The Cultural Studies Reader Simon During,1999 The Cultural Studies Reader is essential reading for any student wanting to know how cultural studies developed where it is now and its future directions **Media and Cultural Studies** Meenakshi Gigi Durham,Douglas M. Kellner,2012-02-28 Revised and updated with a special emphasis on innovations in social media the second edition of Media and Cultural Studies Keywords stands as the most popular and highly acclaimed anthology in the dynamic and multidisciplinary field of cultural studies Features several new readings with a special emphasis on topics relating to new media social networking feminist media theory and globalization Includes updated introductory editorials and enhanced treatment of social media such as Twitter and YouTube New contributors include Janice Radway Patricia Hill Collins Leah A Lievrouw Danah M Boyd Nicole B Ellison and Gloria Anzald a **Globalization against Democracy** Guoguang Wu,2017-04-24 Globalization has reconfigured both the external institutional framework and the intrinsic

operating mechanisms of capitalism The global triumph of capitalism implies the embracing of the market by the state in all its variants and that global capitalism is not confined to the shell of nation state democracy Guoguang Wu provides a theoretical framework of global capitalism for specialists in political economy political science economics and international relations for graduate and undergraduate courses on globalization capitalism development and democracy as well as for the public who are interested in globalization Wu examines the new institutional features of global capitalism and how they reframe movements of capital labor and consumption He explores how globalization has created a chain of connection in which capital depends on effective authoritarianism while democracy depends on capital Ultimately he argues that the emerging state market nexus has fundamentally shaken the existing institutional systems harming democracy in the process

Globalization and Football Richard Giulianotti, Roland Robertson, 2009-06-17 This timely book provides an engaging clear view of the interrelationships within key globalization processes and the international sport of football Intelligently combining the conceptual and methodological aspects of global studies with the specific cultural conditions of the beautiful game Giulianotti and Robertson illuminate its social history and diffusion as well as wider cultural economic political and social dimensions Using football to chart an increasing global connectivity or globality the authors explore how the game may be understood as a metric mirror motor and metaphor of globalization Issues discussed include Transnational Identities and the Global Civil Society Cosmopolitanism Americanization Neo Liberalism Inequalities and Transnational Clubs Politics Nations and International Governance Ideal for students and lecturers concerned with the sociology of sport globalization and international cultural studies the book will be of interest to anyone keen to map the intricate ways in which transnational processes may impact upon particular domains of social life
