Artificial Paradises Baudelaire's Masterpiece On Hashish:

Artificial Paradises Charles Baudelaire, 1996 At the time of its release in 1860 Baudelaire's *Artificial Paradises* met with immediate praise Beautifully wrought this portrait of the effects of wine opium and hashish on the mind captures the dreamlike visions that the author experienced during his narcotic trances Lightning Print On Demand Title Psychedelic Mysticism Morgan Shipley, 2015-11-12 Concerned with scholarly popular and religious backdrops that understand the connection between psychedelics and mystical experiences to be devoid of moral concerns and ethical dimensions a position supported empirically by the rise of acid fascism and psychedelic cults by the late 1960s *Psychedelic Mysticism Transforming Consciousness Religious Experiences and Voluntary Peasants in Postwar America* traces the development of sixties psychedelic mysticism from the deconditioned mind and perennial philosophy of Aldous Huxley to the sacramental ethics of Timothy Leary Richard Alpert and Ralph Metzner to the altruistic religiosity practiced by Stephen Gaskin and The Farm Building directly off the pioneering psychedelic writing of Huxley these psychedelic mystics understood the height of psychedelic consciousness as an existential awareness of unitive oneness a position that offered worldly alternatives to the maladies associated with the postwar moment e.g. vapid consumerism and materialism lifeless conformity unremitting racism heightened militarism In opening a doorway to a common world Morgan Shipley locates how psychedelics challenged the coherency of Western modernity by fundamentally reorienting postwar society away from neoliberal ideologies and toward a sacred understanding of reality defined by mutual coexistence and responsible interdependence In 1960s America psychedelics catalyzed a religious awakening defined by compassion expressed through altruism and actualized in projects that sought to ameliorate the conditions of the least advantaged among us In the exact moments that historians and cultural critics often locate as signaling the death knell of the counterculture Gaskin and The Farm emerged not as a response to the perceived failures of the hippies nor as an alternative to sixties politics but in an effort to fulfill the religious obligation to help teach the world how to live more harmoniously Today as we continue to confront issues of socioeconomic inequality entrenched differences widespread violence and the limits of religious pluralism *Psychedelic Mysticism* serves as a timely reminder of how religion in America can operate as a tool for destabilization and as a means to actively reimagine the very basis of how people relate such a legacy can aid in our own efforts to build a more peaceful sustainable and compassionate world Psychedelic-Assisted EMDR Therapy Hannah Raine-Smith, Jocelyn Rose, 2025-03-20 *Psychedelic Assisted EMDR Therapy* is a groundbreaking exploration of how eye movement desensitisation and reprocessing EMDR therapy can be harnessed to enhance the beneficial effects of psychedelic medications EMDR is a clinically validated therapy that utilises bilateral stimulation of the brain to access and reconsolidate pathologically encoded memories The protocolised methods outlined herein offer a practical roadmap for unlocking the full potential of EMDR within the context of psychedelic assisted psychotherapies paving the way for scalable psychedelic treatment options Drawing upon a rich tapestry of research case

material and clinical insight this book provides readers with a comprehensive understanding of how EMDR's adaptive information processing AIP model conceptualises healing outcomes in psychedelic settings Emphasising harm reduction social justice and sustainability this book systematically outlines a strong focus for the work to ensure safer more inclusive equitable environmentally conscious practices in psychedelic therapy delivery Authored by experts in the field this is a compelling resource that expands the horizon of contemporary psychedelic psychotherapy offering a novel perspective and a confident new voice in trauma responsive healing

The Palgrave Handbook of Philosophy and Psychoactive Drug Use Rob Lovering, 2024-10-14 In this Handbook philosophers from around the world address the metaphysics epistemology and value of psychoactive mind altering drug use In so doing they attempt to answer questions such as What does the fact of drug induced mind altering experiences tell us about natures of the mind free will and God What does it tell us about what and how we can know Are drug induced mind altering experiences valuable morally aesthetically or otherwise Is the acquisition of drug induced mind altering experiences ever immoral Should the acquisition of drug induced mind altering experiences ever be legally prohibited The Handbook gives an overview of the current research and sets the stage for future directions in philosophical thought relating to psychoactive drug use

Dancing with the Unconscious Danielle Knafo, 2012-04-23 In writing and lecturing over the past two decades on the relationship between psychoanalysis and art Danielle Knafo has demonstrated the many ways in which these two disciplines inform and illuminate each other This book continues that discussion emphasizing how the creative process in psychoanalysis and art utilizes the unconscious in a quest for transformation and healing Part one of the book presents case studies to show how free association transference dream work regression altered states of consciousness trauma and solitude function as creative tools for analyst patient and artist Knafo uses the metaphor of dance to describe therapeutic action the back and forth movement between therapist and patient past and present containment and release and conscious and unconscious thought The analytic couple is both artist and medium and the dance they do together is a dynamic representation of the boundless creativity of the unconscious mind Part two of the book offers in depth studies of several artists to illustrate how they employ various media for self expression and self creation Knafo shows how artists though mostly creating in solitude are frequently engaged in significant relational processes that attempt rapprochement with internalized objects and repair of psychic injury Dancing with the Unconscious expands the theoretical dimension of psychoanalysis while offering the clinician ways to realize greater creativity in work with patients

The Oxford Handbook of Global Drug History Paul Gootenberg, 2022 This landmark collection of essays by thirty five historians working on a global scale brings together the latest knowledge and perspectives about the long origins and transformations of today's illicit drugs such as cannabis heroin and cocaine

Lawrence, 2019-05-08 *Pot in Pans A History of Eating Weed* is a comprehensive history of cannabis as a unique culinary ingredient from ancient India and Persia to today's explosive new market Cannabis the hottest new global food trend has been providing humans with nutrition medicine and solace against all odds since the earliest cavepeople discovered its powers In colorful detail the book explores the debate over the cannabis plant's taxonomy and nomenclature then follows as it co-evolves with humans throughout history beloved by the masses reviled by the elite and shrouded in conflict and secrecy The story is held together by the thread of the Islamic confection majoun created to manipulate a band of twelfth century fedayeen a legend that later inspired Western intellectuals and literati to discover and enjoy hashish and majoun It's the story of how a U.S. drug czar got cannabis prohibited around the world and how some cultures worked around that It's the story of how a recipe for majoun made its way into the hands of Alice B. Toklas an expat in Paris and then into the pages of a cookbook published in New York and London leading to a major mix up in a major motion picture that morphed majoun into the pot brownie and turned the pot brownie into a Western icon forevermore From the rowdy band of artists rebels and intellectuals who partook of majoun's charms and to an activist who made the pot brownie a symbol of compassion it's the story of how cannabis cookery and hash eating survived through decades of global prohibition and the birth of a skies the limit cannabis infused food industry Along the way Robyn Griggs Lawrence explores the medicinal qualities of cannabis and its resurgence as a both a recreational drug and a respite from various illnesses and ailments With recipes and stories throughout this work is sure to entertain and inform readers about the history of cannabis as an edible ingredient in a variety of foods
