

Magic

Read this to yourself. Read it silently.
Don't move your lips. Don't make a sound.
Listen to yourself. Listen without hearing anything.
What a wonderfully weird thing, huh?

NOW MAKE THIS PART LOUD!
SCREAM IT IN YOUR MIND!
DROWN EVERYTHING OUT!
Now, hear a whisper. A tiny whisper.

Now, read this next line with your best crochety-old-man voice.

"Hello there, sonny. Does your town have a post office?"
Awesome! Who was that? Whose voice was that?
It sure wasn't yours!

How do you do that?
How?!
It must be magic.

Modernism and Magic Leigh Wilson,2012-11-14 While modernism s engagement with the occult has been approached by critics as the result of a loss of faith in representation an attempt to draw on science as the primary discourse of modernity or as a hidden history of ideas Leigh Wilson argues that these discourses have at their heart a magical practice which remakes the relationship between world and representation As Wilson demonstrates the courses of the occult are based on a magical mimesis which transforms the nature of the copy from inert to vital from dead to alive from static to animated from powerless to powerful Wilson explores the aesthetic and political implications of this relationship in the work of those writers artists and filmmakers who were most self consciously experimental including James Joyce Ezra Pound Dziga Vertov and Sergei M Eisenstein
