## **As Summers Die:**

*As Summers Die* Winston Groom, 1980      **Re-writing America** Philip D. Beidler, 1991 With his first book *American Literature and the Experience of Vietnam* Philip Beidler offered a pioneering study of the novels plays poetry and literature of witness that sprang from the United States involvement in the Vietnam War Reviewing the book the journal *American Literature* declared It is more than just an introductory act It also sets forth what are sure to be lasting types of American literary response to Vietnam and of the scholarly response to the emerging literature of the war In *Re Writing America* Beidler charts the ongoing achievements of the men and women who first gained public notice as Vietnam authors and who are now recognized as major literary interpreters of our national life and culture at large These writers among them Tim O'Brien Philip Caputo Winston Groom David Rabe John Balaban Robert Stone Michael Herr Gloria Emerson and Frances Fitzgerald have applied in their later efforts says Beidler many of the hard won lessons of literary sense making learned in initial works attempting to come explicitly to terms with Vietnam Beidler argues that the Vietnam authors have done much to reenergize American creative writing and to lead it out of the poststructuralist impasse of texts as endless critiques of language representation and authority With their direct experience of a divisive and frustrating war a war not of their own making but of the making of politicians and experts a war of ancient animosities that cost nearly everything for those involved and settled virtually nothing these writers in many ways resemble the celebrated generation of poets and novelists who emerged from World War I Like their forebears of 1914-18 those of the Vietnam generation have undertaken a common project of cultural revision to re-write America to create an art that even as it continues to acknowledge the war's painful memory projects that memory into new dimensions of mythic consciousness for other and better times Beidler fills his book with detailed illuminating analyses of the writers works which as he notes have moved across an almost infinite range of subject genre and mode From David Rabe for example have come innovative plays in which overt statements on the traumas of Vietnam *The Basic Training of Pavlo Hummel* Streamers have made way for broader commentaries on sex power and violence in American life In the *Boom Boom Room* HurlyBurly Winston Groom has moved from *Better Times Than These* a rather traditional even anachronistic war novel to further reaches of rambunctious humor in *Forrest Gump* And journalist Michael Herr whose *Dispatches* memorably defined a Vietnam landscape at once real and hallucinatory carried his vision into collaborations on the films *Apocalypse Now* and *Full Metal Jacket* As Beidler notes the immense price that Vietnam exacted from the American soul continues to draw a plethora of interpretations and depictions Vietnam authors remind us in Tim O'Brien's words of the things they carried But as Beidler makes clear they now command us not only to remember but to imagine new possibilities as well      **Only** Winston Groom, 1998-06 Only is an Old English Sheepdog the only survivor of an accidentally poisoned litter of sheepdogs and he makes an irreplaceable addition to the home of George and Alice Martin

Can I Go Now? Brian Kellow, 2016-09-06 To call Sue Mengers a character is an understatement unless the word is written

in all caps followed by an exclamation point and modified by an expletive And based on Brian Kellow's assessment in his thoroughly researched *Can I Go Now* even that description may be playing down her personality a bit Jen Chaney The Washington Post A NY Times Culture Bestseller An Entertainment Weekly Best Pop Culture Book of 2015 A Booklist Top Ten Arts Book of 2015 A lively and colorful biography of Hollywood's first superagent one of the most outrageous showbiz characters of the 1960s and 1970s whose clients included Barbra Streisand Ryan O'Neal Faye Dunaway Michael Caine and Candice Bergen Before Sue Mengers hit the scene in the mid 1960s talent agents remained quietly in the background But staying in the background was not possible for Mengers Irrepressible and loaded with chutzpah she became a driving force of Creative Management Associates which later became ICM handling the era's preeminent stars A true original with a gift for making the biggest stars in Hollywood listen to hard truths about their careers and personal lives Mengers became a force to be reckoned with Her salesmanship never stopped In 1979 she was on a plane that was commandeered by a hijacker who wanted Charlton Heston to deliver a message on television Mengers was incensed wondering why the hijacker wanted Heston when she could get him Barbra Streisand Acclaimed biographer Brian Kellow spins an irresistible tale exhaustively researched and filled with anecdotes about and interviews more than two hundred show business luminaries A riveting biography of a powerful woman that charts show business as it evolved from New York City in the 1950s through Hollywood in the early 1980s *Can I Go Now* will mesmerize anyone who loves cinema's most fruitful period **Dark Victory** Ed Sikov, 2007-10-30 The legendary Hollywood star blazes a fiery trail in this enthralling portrait of a brilliant actress and the movies her talent elevated to greatness She was magnificent and exasperating in equal measure Jack Warner called her an explosive little broad with a sharp left Humphrey Bogart once remarked Unless you're very big she can knock you down Bette Davis was a force of nature an idiosyncratic talent who nevertheless defined the words movie star for more than half a century and who created an extraordinary body of work filled with unforgettable performances In *Dark Victory* the noted film critic and biographer Ed Sikov paints the most detailed picture ever delivered of this intelligent opinionated and unusual woman who was in the words of a close friend one of the major events of the twentieth century Drawing on new interviews with friends directors and admirers as well as archival research and a fresh look at the films this stylish intimate biography reveals Davis's personal as well as professional life in a way that is both revealing and sympathetic With his wise and well informed take on the production and accomplishments of such movie milestones as *Jezebel* *All About Eve* and *Now Voyager* as well as the turbulent life and complicated personality of the actress who made them Sikov's *Dark Victory* brings to life the two time Academy Award winning actress's unmistakable screen style and shows the reader how Davis's art was her own dark victory **Obsessed With...Hollywood** Andrew J. Rausch, Andy Rausch, 2007-10-04 Includes multiple choice questions about the world of film Embedded in the book is a special computerized quiz module that lets you compete against yourself or a friend **Ebony**, 1987-10 EBONY is the flagship magazine of Johnson Publishing Founded in 1945 by John H. Johnson it

still maintains the highest global circulation of any African American focused magazine      The A to Z of African American Cinema S. Torriano Berry, Venise T. Berry, 2009-09-02 On 4 July 1910 in 100 degree heat at an outdoor boxing ring near Reno Nevada film cameras recorded and thousands of fans witnessed former heavyweight champion Jim Jeffries reluctant return from retirement to fight Jack Johnson a black man After 14 grueling rounds Johnson knocked out Jeffries and for the first time in history there was a black heavyweight champion of the world At least 10 people lost their lives because of Johnson s victory and hundreds more were injured due to white retaliation and wild celebrations in the streets Public screenings received instantaneous protests and hundreds of cities barred the film from being shown Congress even passed a law making it a federal offense to transport moving pictures of prizefights across state lines and thus the most powerful portrayal of a black man ever recorded on film was made virtually invisible This is but one of the hundreds of films covered in The A to Z of African American Cinema which includes everything from *The Birth of a Nation* to *Crash* In addition to the films brief biographies of African American actors and actresses such as Sidney Poitier James Earl Jones Halle Berry Eddie Murphy Whoopi Goldberg Denzel Washington and Jamie Foxx can be found in this reference Through a chronology a list of acronyms and abbreviations an introductory essay a bibliography appendixes black white photos and hundreds of cross referenced dictionary entries on actors actresses movies producers organizations awards film credits and terminology this book provides a better understanding of the role African Americans played in film history      *A Storm in Flanders* Winston Groom, 2018-04-01 From the Pulitzer Prize nominated author of *Forrest Gump* A fascinating evenhanded page turning account of Ypres s pivotal WWI battles San Francisco Chronicle The Ypres Salient in Belgian Flanders was the most notorious and dreaded territory in all of World War I possibly of any war in history After Germany s failed attempt to capture Britain s critical ports along the English Channel a bloody stalemate ensued in this pastoral area no larger than the island of Manhattan Ypres became a place of horror heroism and terrifying new tactics and technologies poison gas tanks mines air strikes and the unspeakable misery of trench warfare Drawing on the journals of the men and women who were there Winston Groom has penned a drama of politics strategy the human heart and the struggle for victory against all odds This ebook features 16 pages of black and white historical photographs Everything nonfiction should be Fort Worth Star Telegram Groom reconstructs a forgotten military passage that serves as a cautionary tale about war s consequences Pittsburgh Tribune Review Groom s account full of detail and the smell of gunsmoke is expertly paced and free of dull stretches Kirkus Reviews Moving Inspiring An important and brilliantly written book Booklist      *Patterns of Bias in Hollywood Movies* John W. Cones, 2012 It s pretty broadly recognized that Hollywood movies contain patterns of bias but it s not just people of color or women who are hurt by this Many groups within America s multicultural society have complained over the years about negative and stereotypical portrayals of their own group members in motion pictures produced or released through the Hollywood based studios Yet as an expert on the U S film industry points out such complaints have had little impact on

consistent patterns of bias in movies This book takes a broader look at the nature of negative and stereotypical movie portrayals and tracks patterns of such one sided depictions over a longer period time As a result the patterns of bias and the source the problem become more clear The problem appears be that most of the people who have green light authority in the U S film industry for either the production and or distribution of a motion picture share a common ethnic religious cultural background Thus the stories of their cohort and those of all other ethnic religious and or cultural groups whose members seldom achieve positions of power Hollywood are being filtered through the cultural sensibilities of a single group John Cones suggests that the solution could lie in increasing diversity at the highest levels in the U S film industry This work grew out of the observed frustration of film industry critics who have pointed out examples of bias and stereotyping in specific movies over the years only to be rebuffed by the simplistic studio arguments that such films reflect the real world and that moviegoers vote with their pocket books It can be shown that there is a consistent pattern to the choices Hollywood studio executives make with respect to the movies produced and released and the specific content of those movies and it becomes obvious that Hollywood is selectively portraying reality Movie goers only have limited options among all of the possibilities that could be portrayed on the silver screen This book differs from other studies touching on bias in motion pictures Most such books focus on the treatment of a single ethnic religious cultural racial or other readily identifiable interest group but this study attempts to provide an overview and to identify patterns over time When the patterns of bias in motion picture content are sufficiently demonstrated and documented it becomes easier to identify the source of the bias and to explain why such bias exists
