Baby Trail A Novel:

The Baby Trail Sinéad Moriarty, 2005 A gifted Irish writer makes her fiction debut in this riotous and deeply moving novel about a couple's determined pursuit to have a baby and the roller coaster ride they face as Mother Nature refuses to cooperate

The Baby Trail Karen Rose Smith, 2011-10-17 IN THE COLD WYOMING NIGHT THREE HEARTS WERE WAITING TO BE FOUND Gwen Langworthy had been abandoned as a child then left at the altar She had given up on love and marriage and the entire baby carriage thing Garrett Maxwell had lost his child and his marriage and now he spent his life reuniting other families And somewhere a down on her luck new mother was longing for the baby she had been too frightened to keep and had left on Gwen's doorstep Three people lost in the world and one baby to bring them all home again

The Palgrave Handbook of Infertility in History Gayle Davis, Tracey Loughran, 2017-09-01 This ground breaking interdisciplinary volume provides an overdue assessment of how infertility has been understood treated and experienced in different times and places It brings together scholars from disciplines including history literature psychology philosophy and the social sciences to create the first large scale review of recent research on the history of infertility Through exploring an unparalleled range of chronological periods and geographical regions it develops historical perspectives on an apparently transhistorical experience It shows how experiences of infertility access to treatment and medical perspectives on this condition have been mediated by social political and cultural discourses The handbook reflects on and interrogates different approaches to the history of infertility including the potential of cross disciplinary perspectives and the uses of different kinds of historical source material and includes lists of research resources to aid teachers and researchers It is an essential go to point for anyone interested in infertility and its history Chapter 19 is open access under a CC BY 4.0 license via link [springer.com](https://www.springer.com)

Keeping It In the Family Sinéad Moriarty, 2009-04-16 In her fifth novel Keeping It In the Family Sinéad Moriarty has done it again taken a complex topic what happens when a young woman falls in love with someone dramatically different than the kind of man her family would have expected and created an insightful gripping and moving story filled with delightfully sparky characters plenty of straight talking and all her trademark fun and humour In balancing of light and shade pathos and comedy Sinéad manages to pull off a unique feat a story that combines the provocative qualities of a Jodi Picoult story with the warmth and humour of Marian Keyes It's tricky for Niamh O'Flaherty growing up in a North London home that's a shrine to all things Irish But it's even trickier being an adult and realizing that her family expects her to settle down with a nice Irish lad especially now that she's living in Dublin When Niamh finally meets the love of her life he is the last person she would expect to fall for her Pierre is older and an intellectual but she loves his ability to laugh at himself his calmness and strength of character and of course his stunning looks There's just one problem if Pierre's parents Jean and Fleur are sniffy about their pride and joy hooking up with a girl who writes a fluffy newspaper column her parents Mick and Annie are going to go ballistic when they hear that their daughter intends to marry someone who couldn't be less Irish if he tried Sinéad

Moriarty's novels have sold over half a million copies in Ireland and the UK and she is a four times nominee for the popular fiction Irish Book Award. She has won over readers and critics telling stories that are funny, humane, moving, and relevant to modern women. *Keeping It In the Family* is Sin ad at her very best. It is also published under the title *Whose Life Is It Anyway?* Sin ad Moriarty lives with her family in Dublin. Her other titles are *The Baby Trail*, *A Perfect Match*, *From Here to Maternity*, *In My Sister's Shoes*, *Pieces of My Heart*, *Me and My Sisters*, and *This Child of Mine*. **The Annals of a Baby** Sarah Bridges Stebbins, 1877 **The Victorian Baby in Print** Tamara S. Wagner, 2020-10-15 *The Victorian Baby in Print* *Infancy* *Infant Care* and *Nineteenth Century Popular Culture* explores the representation of babyhood in Victorian Britain. The first study to focus exclusively on the baby in nineteenth century literature and culture, this critical analysis discusses the changing roles of an iconic figure. A close look at the wide ranging portrayal of infants and infant care not only reveals how divergent and often contradictory Victorian attitudes to infancy really were, but also challenges persistent clichés surrounding the literary baby that emerged or were consolidated at the time and which are largely still with us. Drawing on a variety of texts including novels by Charles Dickens, Wilkie Collins, Mary Elizabeth Braddon, Mrs Henry Wood, and Charlotte Yonge, as well as parenting magazines of the time, childrearing manuals, and advertisements, this study analyses how their representations of infancy and infant care utilised and shaped an iconography that has become definitional of the Victorian age itself. The familiar clichés surrounding the Victorian baby have had a lasting impact on the way we see both the Victorians and babies, and a critical reconsideration might also prompt a self-critical reconsideration of the still burgeoning market for infant care advice today.
