the cusp of a limitless journey whether he is discussing the works of Picasso Gothic architecture Beethoven or General Relativity If as Aristotle said philosophy begins in wonder then this remarkable book shows us how wonder the urge to know beyond the conceivable is itself the engine of culture *The West's East* Lukas Milevski,2018 Defense of the Baltic gained unprecedented prominence in the West after 2014 The West's East presents a historical strategic perspective on the region's 800 year geopolitical significance and applies strategic theory to analyze the contemporary strategic balance and potential dynamics of armed conflict between the West and Russia over the Baltic **Oppositional Discourses and Democracies** Michael Huspek,2009-09-10 When citizens take to the streets or pack assembly halls or share their ideas through the minority press they often give voice to truths and logic that have otherwise been given little or no airing through the available institutional channels offered by democratic states Such discourses offer new rhetorical strategies for the expression of citizen desires needs and emotions that otherwise go unrecognized and unaddressed They also offer impetus for new forms of deliberation and informed action that can result in real political change This collection explores the tensions between democratic states and the dynamics of citizen voice In so doing the collection addresses such questions as What role do oppositional discourses play in increased democratization Can oppositional discourses be sustained over time How do states resist pressures to democratize This volume will be of interest to students and scholars in Politics Sociology and Communication *Suspect History* Humphrey McQueen,1997 Analysis of modern Australian history and culture which reflects on topics such as the accusation that historian Manning Clark was an agent of Soviet influence and discusses various approaches to understanding Australia's past Includes bibliography and index The author's other publications include *A New Britannia* and *Gallipoli to Petrov* *Warrior Politics* Robert D. Kaplan,2011-11-16 The side that knows when to fight and when not will take the victory There are roadways not to be traveled armies not to be attacked walled cities not to be assaulted Sun Tzu We live in dangerous times when a new kind of leadership is required Visionary and ruthlessly strategic Warrior Politics extracts the best of the wisdom of the ages for modern leaders who are faced with the complex life and death challenges of today's world and determined to win Sun Tzu urges leaders to plan and calculate like a hungry man Machiavelli defines a policy not by its excellence but by its outcome Churchill derives his greatness from his imagination of history Livy shows that the vigor to face down adversaries must ultimately come from pride in our own past achievements Never mind if they call your caution timidity your wisdom sloth your generosity weakness he writes It is better that a wise enemy should fear you than that foolish friends should praise Men often oppose a thing merely because they have no agency in planning it Alexander Hamilton says or because it may have been planned by those whom they dislike Replete with maxims warnings examples from history and shrewd recommendations Warrior Politics wrests from the past the lessons we need to arm ourselves for the present It offers an invaluable template for any decision maker in foreign policy or in business faced with high stakes and inadequate knowledge of a mine filled terrain As we gear ourselves up for a new kind of war no book is more
