Jason MARTINKO

Bad Girls Go To Hell:

Bad Girls and Boys Go to Hell (or not) Gloria Neufeld Redekop, 2012-07-26 To question the idea of hell as a default destination is to question the entire fundamentalist evangelical worldview This book does just that Fundamentalist evangelicalism holds that the Bible is an infallible authority and that all are born in sin Sinners go to hell but Jesus taking their place died to save them from hell How did this belief come to be What were the effects on people brought up with a belief in the reality of hell What has been the process of people leaving the fundamentalist evangelical movement In Bad Girls and Boys Go To Hell or not Gloria Neufeld Redekop takes us on her own personal journey as she engages a movement in which she was raised conducting a careful study of the history of fundamentalist evangelicalism the attachment to a literal factual interpretation of the Bible and an analysis of the experience of those who have left the movement The Jason Martinko Revue: the Complete Lyrics Jason MARTINKO, 2010-05-15 PAPERBACK EDITION The Jason Martinko Revue The Complete Lyrics collects all of the original songs written by Jason Martinko from The Jason Martinko Revue s four studio releases This volume also contains lyrics from studio outtakes live performances home recordings and several unrecorded works Nudge Leonard Sweet, 2010-08-01 Evangelism is about reaching out to others Really You think Brace yourself In Nudge author Leonard Sweet sets out to revolutionize our understanding of evangelism He defines evangelism as nudge awakening each other to the God who is already there Sweet s revolution promises to affect your encounters with others as well as shaking the very roots of your own faith So brace yourself Semiotics and Title Sequences Michael Betancourt, 2017-09-19 Title sequences are the most obvious place where photography and typography combine on screen yet they are also a commonly neglected part of film studies Semiotics and Title Sequences presents the first theoretical model and historical consideration of how text and image combine to create meaning in title sequences for film and television before extending its analysis to include subtitles intertitles and the narrative role for typography Detailed close readings of classic films starting with *The Cabinet of Dr Caligari* and including *To Kill A Mockingbird* *Dr Strangelove* and *The Good the Bad and the Ugly* along with designs from television programs such as *Magnum P I* *Castle* and *Vikings* present a critical assessment of title sequences as both an independent art form and an introduction to the film that follows **Exploring Film through Bad Cinema** David C. Wall, 2025-08-08 Exploring Film through Bad Cinema offers an overview of the practice of film analysis through a specific focus on the concept of bad cinema within a series of broad cultural and historical contexts Providing a wide ranging discussion of film from multiple perspectives including history aesthetics and criticism this broad theoretical engagement illustrates the ways in which the registers of value that we apply to film are inseparable from the wider discourses of taste that shape our culture While loosely chronological it is largely thematic in arrangement as it applies the traditional methods of film studies to in depth discussions of some of the most notoriously and compellingly bad films in cinema history Situating its analysis of a wide variety of films and filmmakers in terms of period genre and issues such as the

emergence of narrative cinema canon formation and the politics of cultural hierarchy it provides an in depth consideration of the multiple and complex social and aesthetic discourses that shape our qualitative assessments of film Designed for both the lay reader and student of film Exploring Film through Bad Cinema engages with a wide range of topics from film history and film theory to postmodernism exploitation and cult cinema This theoretically and historically sophisticated analysis will appeal to researchers and scholars in film studies as well as cognate disciplines such as screen studies visual studies and cultural studies
