nastiness and how this relates to the perceptions and anxieties that images of serial killing highlight in the societies that produce them Shifting the focus away from the US which is often seen as the home of the serial killer Lethal Repetition instead examines serial killing in European culture and cinema ranging from Scandinavia to the Mediterranean and from Britain to Romania Spanning all brows of cinema including avant garde art mainstream and trash Dyer provides case studies on Jack the Ripper the equation of Nazism with serial killing and the Italian giallo film to explore what this marginal and uncommon crime is being made to mean on European screens
