Back From The Deep Strange Story Of The Sister Subs:

Death on the Hellships Gregory F Michno, 2016-07-15 Now available in paperback *Death on the Hellships* chronicles the true dimensions of the Allied POW experience at sea It is a disturbing story many believe the Bataan Death March even pales by comparison Survivors describe their ordeal in the Japanese hellships as the absolute worst experience of their captivity Crammed by the thousands into the holds of the ships moved from island to island and put to work they endured all the horrors of the prison camps magnified tenfold Gregory Michno draws on American British Australian and Dutch POW accounts as well as Japanese convoy histories declassified radio intelligence reports and a wealth of archival sources to present a detailed picture of the horror

Sealab Ben Hellwarth, 2012-01-10 Sealab tells the story of how the U S Navy program tried to develop the marine equivalent of the space station and why the Navy pulled the plug Hellwarth has interviewed surviving members of the three Sealab experiments in addition to conducting archival research to tell this first comprehensive story about the Sealab program

Dive! World War II Stories of Sailors & Submarines in the Pacific (Scholastic Focus) Deborah Hopkinson, 2016-09-27 Sibert Honor author Deborah Hopkinson paints a vivid portrait of the deadly battles that raged in the Pacific during WWII and the remarkable courage of the US submarine sailors who fought them *Dive World War II Stories of Sailors Submarines in the Pacific* tells the incredible story of America's little known war within a war US submarine warfare during World War II Following the attack on Pearl Harbor the US entered World War II in December 1941 with only 44 Naval submarines many of them dating from the 1920s With the Pacific battleship fleet decimated after Pearl Harbor it was up to the feisty and heroic sailors aboard the US submarines to stop the Japanese invasion across the Pacific Including breakouts highlighting submarine life and unsung African American and female war heroes award winning author Deborah Hopkinson uses first person accounts archival materials official Naval documents and photographs to bring the voices and exploits of these brave service members to life

Presumed Lost Stephen Moore, 2009-10-01 When submarines failed to return to port from patrol they were officially listed by the Navy as overdue and presumed lost Loved ones were notified by the War Department that their siblings spouses and sons were missing in action and presumed lost While 52 U S submarines were sunk in the Pacific the Japanese took prisoners of war from the survivors of only seven of these lost submarines *Presumed Lost* is the compelling story of the final patrols of those seven submarines and the long captivity of the survivors Of the 196 sailors taken prisoner 158 would survive the horrors of the POW camps where torture starvation and slave labor were common This is the most complete and accurate record of their captivity experiences ever compiled Author Stephen L Moore draws on personal interviews with the survivors as well as on diaries family archives and POW statements to reveal new details and correct longstanding errors in previously published accounts Moore's research brought to light the following facts Most crewmen from USS *Perch* endured 1 298 days of captivity without their families ever being told that they were still alive The *Perch* and USS *Grenadier* were so badly

damaged by enemy depth charge attacks that their crews were forced to scuttle their ships USS Sculpin and USS S 44 went down fighting with only forty two men from the Sculpin being taken prisoner and half of them perishing on the way to Japan USS Tang and USS Tullibee victims of their own faulty circling torpedoes had few survivors five of whom managed to escape from the sunken burning Tang when it was 180 feet below the ocean surface As many as six men survived the loss of USS Robalo after it struck a mine off Palawan but none of those survived the prison camps The book includes dozens of rare photos of the POWs many of which have never before been published Appendices include final muster rolls of the seven submarines and a complete list of the U S submariners who were held as POWs with details of their various camps of internment

USS Pampanito Gregory F Michno, 2016-01-12 Most World War II submarine stories are glorifications of war written by submarine captains about their own boats But the USS Pampanito was not a typical submarine The sub and its crew caused plenty of destruction but they found the pinnacle of their honor and fame in a dramatic sea rescue Gregory F Michno relates the experiences of the crewmen both enlisted men and officers who served on the USS Pampanito The Pampanito story begins with the boat s construction in 1943 continues through its six combat missions and concludes with its decommissioning after the war in 1945 The heart of the book is the September 12 1944 attack on a Japanese convoy carrying English and Australian POWs from the Burma Siam Railway of Bridge on the River Kwai fame to prison camps in Japan The Pampanito helped sink two of the prison ships unwittingly killing hundreds of Allied soldiers but then returned to rescue the survivors The crew picked a record seventy three men from the sea

Strike of the Sailfish Stephen L. Moore, 2023-12-05 A gripping true life thriller about the first US submarine to sink a Japanese aircraft carrier and the sub s tragic twist of fate In 1939 off the New England coast the submarine USS Squalus accidentally sinks to the bottom of the sea during a training exercise killing half her crew Coming to the rescue is the USS Sculpin in many ways the Squalus s twin As their oxygen supply dwindles the remaining crew aboard the Squalus are saved in a time consuming white knuckle operation Eventually the sunken submarine is raised repaired and returned to duty with a new name the Sailfish Four years later on patrol during the darkest days of the Pacific War the Sailfish s radarman picks up the tell tale signs of a Japanese convoy known by U S intelligence to include aircraft carriers the most formidable of all enemy ships Never before has an American submarine taken down a carrier much less in the middle of a typhoon Immediately the crewmen swing into action embarking on a deadly game of cat and mouse as this once dead boat evades enemy cruisers to stalk closer and closer to their prized target Little do they know that aboard the Japanese carrier are survivors of an attack on the USS Sculpin the very boat that saved the Squalis turned Sailfish back in 39 Author Stephen L Moore takes readers inside the nine hour duel narrating the action aboard both the Sailfish and the doomed carrier where the American POWs fight against all odds to save their own lives before the ship goes down Employing a wealth of new information including long lost survivors accounts fresh interviews with the last of the sub s crew and official patrol reports Strike of the Sailfish is the thrilling story of this strange chapter of

significant admiral who has been all but ignored in naval history
