Bad Boys:

Bad Boys, Bad Men Donald W. Black, 1999-03-25 Whether called black sheep sociopaths felons con men or misfits some men break all the rules They shirk everyday responsibilities abuse drugs and alcohol take up criminal careers and lash out at family members In the worst cases they commit rape murder and other acts of extreme violence as though they lack a conscience What makes these men men we all know whether as faces in the news or as people close to us behave the way they do Bad Boys Bad Men examines antisocial personality disorder or ASP the mysterious mental condition that underlies this lifelong penchant for bad behavior Psychiatrist and researcher Donald W Black MD draws on case studies scientific data and current events to explore antisocial behavior and to chart the history nature and treatment of a misunderstood disorder that affects up to seven million Americans Citing new evidence from genetics and neuroscience Black argues that this condition is tied to biological causes and that some people are simply born bad Bad Boys Bad Men introduces us to people like Ernie the quintessential juvenile delinquent who had an incestuous relationship with his mother and descended into crime and alcoholism and John Wayne Gacy the notorious serial killer whose lifelong pattern of misbehavior escalated to the rape and murder of more than 30 young men and boys These compelling cases read like medical detective stories as Black tries to separate the lies these men tell from the facts of their lives Bad Boys Bad Men not only describes the warning signs that predict which troubled children are more likely to become dangerous adults but also details progress toward treatment for ASP This volume will be an essential resource for psychiatrists psychologists criminologists victims of crime families of individuals afflicted with ASP and anyone else interested in understanding antisocial behavior Bad Boys Mike Hood, 2014-01-29 Bad boys deviate from accepted norms of behavior they act in the extreme These stories in the Bad Boys collection feature an array of bad boys who do just this For example there s Chad Slack who cheats his way through school the Dean who is overtaken by excessive tenderness because he suffers from pancreatic detachment Fuzzy Nelson a marketing major who obsesses about the perfect focus group Uncle Hosea a religious fanatic who is looking for the Garden of Eden at the North Pole Cooper Hawk a sensitive predator who desperately wants to be a bad boy Pinky Condon an auditor and avid member of the Custer Society who terrorizes branch managers the Warden who directs the band which is really a paramilitary organization Professor Dumpt whose project is deconstructing the entire Western literary canon and Beamer Bird an enfant terrible who longs to reclaim his reputation in the world of belles lettres **Ebony**, 2003-04 EBONY is the flagship magazine of Johnson Publishing Founded in 1945 by John H Johnson it still maintains the highest global circulation of any African American focused magazine **Making American Boys** Kenneth B. Kidd, 2004 Will boys be boys What are little boys made of Kenneth B Kidd responds to these familiar questions with a thorough review of boy culture in America since the late nineteenth century From the boy work promoted by character building organizations such as Scouting and 4 H to current therapeutic and pop psychological obsessions with children s self esteem Kidd presents the great variety of

cultural influences on the changing notion of boyhood Kidd finds that the education and supervision of boys in the United States have been shaped by the collaboration of two seemingly conflictive approaches In 1916 Henry William Gibson a leader of the YMCA created the term boyology which came to refer to professional writing about the biological and social development of boys At the same time the feral tale with its roots in myth and folklore emphasized boys wild nature epitomized by such classic protagonists as Mowgli in The Jungle Books and Huck Finn From the tension between these two perspectives evolved society s perception of what makes a good boy from the responsible son asserting his independence from his father in the late 1800s to the idealized sexually confident and psychologically healthy youth of today The image of the savage child raised by wolves has been tamed and transformed into a model of white middle class masculinity Analyzing icons of boyhood and maleness from Father Flanagan s Boys Town and Max in Where the Wild Things Are to Elin Gonzlez and even Michael Jackson Kidd surveys films psychoanalytic case studies parenting manuals historical accounts of the discoveries of wolf boys and self help books to provide a rigorous history of what it has meant to be an all American boy Kenneth B Kidd is assistant professor of English at the University of Florida and associate director of the Center for Children s Literature and Culture
