Abc De La Cocina Española:

La cocina española Fernando Villaverde Landa, 2023-10-10 El enorme desarrollo de las cocinas españolas en las últimas décadas no puede ocultar la relativa carencia de fuentes de información sobre el acervo culinario español especialmente si lo comparamos con otras tradiciones de nuestro entorno Este libro aporta recursos muchos de ellos inéditos que nos permiten equiparar la tradición al actual destacado nivel de nuestra gastronomía No estamos sin embargo ante una fría compilación de documentos sino ante el destilado de un proceso de selección ordenación y comentario Se revisan en primer lugar las fuentes directas es decir tratados y recetarios que proceden de las élites y que por tanto nada nos dicen de qué comían y cómo lo preparaban las clases medias y el pueblo Esto incrementa la importancia de las fuentes secundarias también objeto de este libro Aquí destacan la gran literatura española y los testimonios de viajeros foráneos así como la siempre valiosa contribución de los medios de comunicación Otras secciones se refieren a los protagonistas con más de 450 reseñas biográficas a la actividad asociativa desde academias y cofradías hasta ferias congresos y premios a las encendidas polémicas que han jalado este largo recorrido y al idioma de la cocina más un exhaustivo glosario Este libroístico se completa con un singular diccionario de frases culinarias de muy amena lectura Se trata de una obra imprescindible no solo para los estudiosos de nuestra gastronomía sino también para los aficionados que ven la cocina como una manifestación de la cultura a los que proporciona unos conocimientos que les ayudarán a disfrutar de ella desde una posición mejor informada La cocina electoral en España

Francisco Camas García, José Pablo Ferrándiz, 2019-03-18 Las elecciones son acontecimientos de gran relevancia en democracia por eso atreverse a predecir el resultado de unas elecciones con datos de encuesta es una aventura compleja y polémica Dada la desconfianza que suele rodear los sondeos electorales es pertinente que cualquier persona interesada pueda conocerlos de primera mano Este libro pretende explicar qué es una estimación de voto sus elementos principales así como los aspectos a los que se recomienda prestar más atención Se trata de arrojar luz sobre cuáles son los procedimientos habitualmente utilizados para traducir estados de ánimo predisposiciones y alineamientos políticos de la ciudadanía en tendencias de voto Lo que coloquialmente se denomina cocina electoral es precisamente esto corregir calibrar aplicar hipótesis múltiples y modelos con base estadística a los datos de encuesta para estimar el comportamiento más probable de una población el día de las elecciones Porque las encuestas pueden no ser una ciencia exacta pero sí una herramienta útil

Madrid Maria Paz Moreno, 2017-11-10 As the capital city of Spain Madrid is nowadays considered one of the most interesting food towns in the world This is perhaps due to the wide variety of specialty dishes that its cuisine boasts ranging from the old fashioned and traditional to the modern and even the futuristic a cuisine that has consistently received high praise from the likes of New York Times critic Mark Bittman and TV celebrity chefs such as Anthony Bourdain and Mario Batali to name just a few But how did a once humble and unsophisticated city like Madrid become the vibrant food metropolis that it is today How did contemporary madrileño cuisine come to be and what are its main identifying dishes What

role have its legendary restaurants cafés and markets played in putting Madrid in the map as one of the world's top food destinations Maria Paz Moreno looks at the gastronomical history of Madrid throughout the ages She traces the historical origins and evolution of Madrid's cuisine exploring major trends most innovative chefs restaurants and dishes and telling the story of this fascinating city from the point of view of a food lover She discusses the diverse influences that have shaped Madrid's cuisine over the centuries including the introduction of foods from the New World since the 16th century the transition from famines to abundance during the second part of the 20th century the revolution of the Michelin starred young chefs at the beginning of the 21st century and how madrileños sense of identity is built through their food The sense of community created through communal eating experiences is also explored focusing on the culture of sharing tapas as well as traditional and avant garde eating establishments from restaurants to bars to chocolaterías and even markets and festivals where food plays an important part Anyone wishing to know more about the city the culture the richness of its food and people will find a delightful review in these pages
