Assessing Quality in European Higher Education Institutions Chiara Orsingher, 2006-03-06 European higher education institutions are facing in these last years a number of relevant political and social changes that have asked for more transparency accountability comparability and legitimacy of degrees In light of these new challenges the great majority of universities have responded by implementing quality assurance processes either through evaluation or through accreditation This book collects the evaluation and accreditation experiences gathered by higher education institutions in Finland France Germany Italy the Netherlands Spain the United Kingdom and Sweden It provides a synthetic picture of the present state of quality assurance practices in Europe and offers a few lessons for a future European dimension of quality assurance

Quality Assurance in Higher Education Maria João Rosa, A. Amaral, 2014-02-27 This book weighs up the consequences of introducing Quality Enhancement and Risk Management as new dimensions in Higher Education quality control on a global scale The authors include Chief Executive Officers of Quality Agencies policy analysts and leading scholars in Quality Evaluation and Comparative Higher Education policy analysis

Quality Assurance in Higher Education Don F. Westerheijden, Bjorn Stensaker, Maria Joao Rosa, 2007-09-04 By bringing together leading experts on quality assurance in higher education from seven countries from Europe the USA and South Africa this volume intends to go several steps further than most publications on quality assurance First it brings together views from micro to macro levels in the multi actor space showing how quality assurance impacts the higher education system throughout Second it links quality assurance solidly to issues of regulation translation rather than mechanical implementation and transformation instead of being only focused on quality assurance as a single policy instrument Third it uses this broad range of research insights to criticize current practices explaining for instance why sometimes people have difficulty in tracing any concrete effects of all initiatives taken in this area Finally the book offers proposals for better focusing quality assurance in the future to address institutional challenges better The general purpose of the book then is to give an engaged academic reflection on how quality assurance is embedded in higher education and in a dynamic way to assess its impacts and potential improvements

Drivers and Barriers to Achieving Quality in Higher Education Heather Eggins, 2014-02-05 The topic of achieving and assuring quality in every higher education institution continues to be both relevant and urgent worldwide This volume presents a considered discussion of a range of facets of the issue drawing on the findings of a 3 year EU research programme involving seven countries Czech Republic United Kingdom Latvia Portugal Poland Slovakia and the Netherlands Topics include access student assessment governance stakeholders academic faculty information and the interface between the secondary and tertiary sectors The authors all of whom are drawn from the research teams explore particular aspects of the research objectives These aim to identify the drivers and overcome the barriers to establishing high quality in both European higher education in relation to the Standards and Guidelines for Quality Assurance and by implication in worldwide higher

education **Cross-Border Higher Education and Quality Assurance** Maria João Rosa, Cláudia S. Sarrico, Orlanda Tavares, Alberto Amaral, 2016-07-26 This book analyses the range of potential measures national quality assurance agencies may have to employ to deal with the new issues caused by Cross Border Higher Education CBHE The expansion of CBHE raises quality problems which are currently assessed differently depending on the countries concerned This has been exacerbated by the growth of Massive Open Online Courses MOOCs which have developed very quickly and can be prone to rogue providers This book considers the steps that have already been taken to ensure quality as well as those ahead It is important that the swift growth of CBHE is not just seen as a means to increase the revenues of higher education institutions faced with decreasing public funding but also as a means to keep educational standards high **Creating the European Area of Higher Education** Voldemar Tomusk, 2007-11-07 COM 91 349 final and the Peripheries of European Higher Education Voldemar Tomusk Open Society Institute Budapest For a man who no longer has a homeland writing becomes a place to live Theodor Adorno Minima Moralia 1 REDEMPTIVE IRONY OF STRATEGIES AND PROCESSES It is unfortunate to a degree that as soon as we begin discussing our human condition in the third millennium since mankind was offered its salvation and the state of our institutions that structure and guide our existence as social beings in order not to act as beasts or mere social animals we cannot avoid the word ironic For the people of intellectual calling who cannot but try to make sense of what is happening around in and with us beyond digestion in the broad sense of the term that is beyond the consuming the resources of the earth ironic is the word without which nothing can be said any longer Deliver Us from Irony is the title of a recent paper by a young historian discussing the last great post modern historian Hayden White in his approach of employing epistemological irony against moral irony Paul 2004 The degree to which our existence has become ironic is truly tragic though it could be worse Human existence has become ironic so much that one can but weep However there are other ways to explain the situation *Report to the European Commission on Improving the Quality of Teaching and Learning in Europe's Higher Education Institutions* European Commission. High Level Group on the Modernisation of Higher Education, 2013 With this report we put quality of teaching and learning centre stage and show examples that can be applied elsewhere To us it seems research as one important mission of higher education has often overshadowed the other core mission of higher education teaching and learning Page 7 **The Legitimacy of Quality Assurance in Higher Education** Luc Weber, Katia Dolgova-Dreyer, Council of Europe, 2007-01-01 In this publication quality assurance is seen as part of the public responsibility for higher education The contributions by policy makers and practitioners consider the role of quality assurance as an element of higher education governance and explore its function in the recognition of qualifications Case studies illustrate its various aspects in two different national settings Publisher's description *Quality Assurance in Higher Education* Stamelos Georgios, K.M. Joshi, Saeed Paivandi, 2017-01-30 The significant growth of number of students enrolled in tertiary education institutions in the recent past decades has caused an unprecedented expansion of

higher education systems The rapid and constant social economic and technological mutations and international competition make the importance of qualitatively well educated citizenry and labor forces very decisive Globalization has developed a powerful impact on the development of higher education and imposes new challenges for the organization standards financing regulations Systems of higher education tend to detach from the national models and adopt a more global orientation The implementation of quality assurance is one of the recent and most decisive transformations of higher education Different higher education systems are trying to develop assessment tools internal and external to improve the quality of teaching research and extension activities and these are either based on experiences of selected countries or are extensively country specific The quality assurance procedures that were often dependent on national directorial traditions have gradually tended to converge and led to a setup of common tools and standards Countries under a centralized system tend to impose a uniform and general model while decentralized systems give greater freedom to universities to set up their own quality International rankings of universities also contribute to impose a set of transnational standards and values which is also being considered as indicative by the stakeholders The present book tries to look at the quality assurance mechanism international rankings and its impact in both absolute and comparative fashion in context of 11 countries from different parts of the world *Quality Management and Quality Assurance in European Higher Education* ,1993
